**Dog That Bit Girl Sought by Parents**

By ILENE ALLISON  
MElo 4-2430

Two very worried parents have asked for your aid and I feel sure you will help. Mr. and Mrs. Donald Green of 17423 Glenburn Ave., are seeking a dog which, in play, bit their daughter, a year-old Toni. The dog, which appeared to be part Collie and part Police with white paws and a more than friendly disposition, came to the front lawn of the Greens this past Thursday and engaged in play with the family, which was assembled in the yard. Although merely a pup, he stood quite tall. He chased the ball, and becoming over-uberant, nipped Toni, who was taken to the doctor. It is necessary for the dog to be kept under surveillance for a period of days, not at the animal shelter but in the owner's yard to see if anything develops. A house-to-house canvass has been made and no such animal has been found, so Toni is facing the rabies treatment. For several months now the Greens have

had a reservation made by train to New Orleans, a three-day hotel reservation and boat tickets up the Mississippi for a three-week vacation. The departure date is August 1, which leaves but a few days in which to find the dog or subject their daughter to the painful treatments. They wish to say that the damage is minor and nothing will happen to the pet. The family have two dogs of their own and the dog must be found. Do you know of a pet in your neighborhood answering to this description? If so, please call MElo 9-1886.

North Torrance is quite proud of Miss Sandra Lea Constance, 17202 Glenburn Ave.—a tall, blonde, and most attractive young lady—who is contestant number seven in the Miss Torrance contest. Miss Constance, who is a former North Torrance Elementary student and is now a junior at Torrance High School, is sponsored by La Galeria Florist. The yearly contest, sponsored by Torrance Area Youth Bands, Inc., will climax at the Coronation Ball to be held at Club Alondra on Aug. 22. The winner will be judged by three out-of-town judges on the basis of appearance in bathing suits and formal. Good luck, Sandra! Sandra is the daughter of Mr. and Mrs. Lee Ray Constance.

Tina Cortez entertained at a pool party in honor of her second birthday this week. Fifteen of the neighborhood's most popular "small fry" promenade around the pool, (three wading pools, that is) in a very eye-catching array. Individual lunches were served in baskets topped off with cupcakes supporting small parasols and nosegay ice cream cones. Beautiful gifts of clothing no bigger than a minute were presented to Tina, who at this edition is well on

her way to becoming one of the best-dressed little girls on Cerrise Ave.

Extremely happy over the birth of young John Robert at the J. R. Ferrissols of 2620 W. 17th St., who welcomed their 9 pound son on July 10 at Torrance Memorial Hospital. Waiting to welcome the new arrival are sisters Toni Ann, 3, and Corrie, 17 months.

The Stitch and Chatter Club up 176th St. way had a wicker roast at Torrance Park this Saturday evening, inviting the husbands to come along and enjoy the chill dogs. They completed a most delightful affair at the home of the Vern Wilsons with a watermelon feast.

I ran into many of the Fuchsia Society members at the show this Saturday and Sunday at Hollywood Park. Flower-growers really go all-out for a show of this type, and this organization excels in specimen plants. Several cups were presented and also several ribbons. Inglewood took first for the most beautiful booth—a garden retreat with loads of begonias along the path leading to a wrought iron garden seat completely surrounded by hanging fuchsias. The background of trees and shrubs seemed to blend in with the bushes of fuchsias that lined the garden's edge. A real love bird in a white cage made the effect even more real. This chapter also won the coveted Jim Fairlee cup. Fairlee, now a hybridizer, was the first national president of the Fuchsia Society. Many, many new introductions were on display, some gorgeous seedlings yet to be named and offered to the public. The crowd gave out with many an "oh! and ah!" upon viewing such fuchsias as White Spider, Trail Blazer, Swamy Yellow and the huge red Streamliner.

So sorry to hear that Sharon O'Farrell, 6, of 4207 W. 17th St., has a broken arm. It was the result of a spill while on skates.

Contractors working on the new Evelyn Carr School are trying to complete even a few wings of the building to take the strain off the other schools. Even though the school does not open in September, when it does it will be in the capable hands of Principal Donald Robinson, formerly of North Torrance Elementary. All this has half of the community sighing and the other half cheering! Mr. Robinson is a favorite person in more than one home in this area.

North Torrance is complimenting Seaside upon obtaining a most popular member of the North Torrance Elementary staff, Mr. Lloyd Jones as their vice-principal. The school welcomes Mrs. Margaret Demmarsh, formerly of Crenshaw, as the new principal and Joseph Brandon of Greenwood Elementary as vice-principal. Perry students will be happy to know Lester Foster will again be their principal. El Nido and Crenshaw will share Earl Eckert, formerly of Seaside, as principal.

Mrs. Walter Smith, 12025 Fay Smith, is recuperating from a very serious bout with a bad chicken salad. She has been ordered to bed, but is doing nicely at this date. Mrs. Mike Hardin up Crenshaw way has been very ill for some time, causing friends and neighbors to become very concerned. Surgery was performed and it is hoped that Gladys will soon be well again. Her parents have been here to help care for her during this siege.

The Marcel Beaudwins have returned from New York where for the past 13 weeks Mr. Beaudwin has been attending the IBM School. Mrs. Beaudwin and daughter Priscilla, 7, accompanied him on the trip. They live at 17032 Fay Smith.

The Perry PTA executive board met at the home of Mrs. A. L. MacKenzie, 4332 W. 17th St., this July 23 to discuss the year program. Each member was assigned a new tract for a house to house canvass to determine the number of new enrollees to be entered at Perry School this September. Plans were also discussed for the annual Silver Tea. The date set is for early September.

The wanderlust seems to have crept into the blood of many of the residents of this area. Among those on camping trips are the Reese Holbrooks who, along with the Scouts, are camping at Kernville. The William Eagles have just returned from a camp-out at Kernville. The Gastelums motored to Arrowhead. The Thomas Fannons are vacationing in San Francisco. The Biz Bortlands are touring Colorado and visiting Marcel and Ruth Towell. The date set is for early September.

The Albert Pesola family 17030 Fay Smith, have returned from a month's vacation in Minneapolis, Minn., and Mr. Pesola's hometown. Hibbing, Minn. Most time was spent fishing along the lakes. A week was spent with Mrs. Pesola's sister, Mrs. Harold Dannenberg of Sioux Falls, S. D. The trip to Grand Canyon, Royal Gorge and the Black Hills was very beautiful.

Most of you who have small fry will be glad to know that Superman will step out of character each week and talk over safety problems with those who fly around with a towel tied around their neck. Between Peter Pan and Superman the urge to fly has become quite a household hazard. In my world of little men these are serious problems. Now if someone would only speak to Sheriff John. It was fine to feed the children all the breakfast food we could, and we bought them a doughy quest, but now he has come out with frog-men equipment and a water pistol! Can you imagine half a dozen little boys dressed in goggles and fins armed with water rifles in one backyard?

**Seaside Scouts Say Jamboree Best Ever**

By SUE BURK  
FRontier 5-4549

Floyd Holstin, Scoutmaster, is home again with his Boy Scout Troop "3" from the Jamboree that was held at Irvine Ranch, Newport. The Scouts were very enthused about meeting Scouts from all over the world and in getting to do a lot of "horse trading." On leaving the gateway from the Jamboree, all Scouts were greeted with this sign: "May the Great Master of all Scouts be with you until we meet again." Floyd reported that everyone enjoyed the Jamboree immensely.

We hear that Fred and Joan Filippino celebrated their twelfth anniversary on the 28th of July. No details, though Joan said they would probably go out to a big dinner and then spend the rest of the evening quietly at home.

In case you've been wondering where to find Mrs. Alpha Renz lately, I can tell you. Bless her heart, she is teaching some 35 or 40 children in summer Bible School at the South Bay Christian Church in Redondo. We think it deserves praise when a young mother will take time from her home to go to teach the youngsters about God.

Mr. and Mrs. H. J. Milson of Bindewald have just returned from two weeks at Lake Tahoe with Mr. and Mrs. Roy E. Miller. Mrs. Milson told about seeing the "Grizzly Giant Redwood" which is supposed to have been tickled at the way the deer and bear came close to the car to eat from their hands. The only sorrow or sadness to cross the path of all the wonder and beauty of the trip was the one thought of Mrs. Milson, "how could anyone ever bring death to such a beautiful creature as the deer?" The folks came home Sunday happy to see everything green as most of the country where they visited had been dry. A guest with them this week was their granddaughter, Rolleen Miller, of Culver City. A wonderful time reported by all.

Flash! Just received a phone call from the hospital. The news is the greatest ever. A bundle from heaven in the form of a boy was sent to Mr. and Mrs. Richard Grierson of Zakon Rd. The baby was born at 10:34 P.M. and is named Richard Fleming. Baby Richard has three sisters: Rosemary, Carolyn, and Priscilla. We're very happy for you Jeri, and just simply dying to see the youngster. Congratulations, and we do mean it, for we are all, I guess, just about as thrilled as you are.

Visitor in the home of Mr. and Mrs. Preston Nix was their little niece, Adele Nix, from Fallbrook. The week was enjoyed by taking the kids to the beach, picnics, movies, and ball games. Myrlis said they all had a lovely time.

Very sorry to hear that little Cindy Pace is ill. The Pace residence is on Macafee Rd. Don't know Cindy's illness, but I wish her a speedy recovery. Cindy has two brothers and a sister: the baby brother, Danny, will be 3 years old Tuesday.

Home from vacations are Mrs. Swanson and children of Macafee, who visited in Canada for a few weeks. Mrs. Swanson's mother and father are now visiting the Heights. Mr. and Mrs. Beard and children are home

tine. Dale is a welder by trade and the family moved in on Friday, the 24th of July. May we say that we hope you like our little community and that you will be with us for some time to come.

Visiting with friends in the Heights and Ranchos are a couple who lived with us some time ago. Happy to see again Mr. and Mrs. Ralph Ziskin and Joel. Ralph and Mae moved to Delano in the desert about a year ago. They are staying for a week with friends in the Ranchos, and are visiting around all the lovely places they left behind them when they moved away. Mae said she was terribly happy to be here, where the wonderful sea breezes blow, but Mark, Cathy, Paul, and Chris—she misses being in the desert.

**Brief Bags ON HAND!**

**Our Lifetime Guarantee**

**Our Used Cars have a Lifetime Guarantee for us**

**In a way, we're selfish**

We've been Ford Dealers here for a good many years — and we want to stay in business for our lifetime. And longer.

So we guarantee our staying in business by the kind of deal we give you on used as well as new cars — a straight and honest deal. With no hokum. No hooey.

Our used cars, we say, are good used cars. And we mean it — cause if we play honest with you on used cars we know you'll come back for still another. Or maybe a new Ford, which is even better. Maybe next year. Maybe ten years from now when we will still be in the automobile business.

**There's a FORD in your future in 1963**
