## Lesson-Sermon Says Man is Child of God

"And God said, Let us make man in our image, after our likeness" (Gen. 1:26). Thus is man's heritage as the child of God revealed in the Golden Text of the Lesson-Sermon, "Man" to be read in all the Christian Science churches on Sunday. A Scriptural selection from Acts (17:24, 25-28) says, "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he needed anything, seeing he giveth to all life, and breath, and all things; . . . For in him we live, and move, and have our being; . . . For we are also his offspring." In "Science and Health with a Key to the Scriptures" Mary Baker Eddy says, "In Science man is the offspring of Spirit. The beautiful, good, and pure constitute his ancestry. His origin is not, like that of mortals, in brute instinct, nor does he pass through material conditions prior to reaching intelligence. Spirit is his primitive and ultimate source of being; God is his Father, and Life is the law of his being" (p. 63).

**SICK AMERICANS**  
About 28 million United States citizens suffer from chronic disease and physical disability.

**WHEAT IMPORT**  
Brazil imported 1,200,000 tons of wheat in 1952, about two thirds its supply.
