

"NOW YOU GO HERE . . ." Checking the classroom assignment sheets at Perry Elementary School are three eighth-graders, Barbara White, her sister Patricia, and Patricia Blatten. More than 800 students showed up the first day, found their classrooms by scanning these lists. (Herald photo).

WHOSE IS WHICH? . . . Bonnie Booth (left) and Karen Mulzers, fifth graders at Riviera Elementary School, run into one of many problems occurring on the first day of school. School administrators advise writing names on sweaters, jackets, notebooks, and lunch boxes. (Herald photo).

FIRST ASSIGNMENT . . . Second grade students at Torrance Elementary School get their first assignment of the fall semester—learning that Monday was September 14, 1953. Giving them the word is Mrs. Genevieve Midyeet.

UNION ASKS AID

The CIO-California Industrial Union Council today called upon Hon. Joseph M. Lodge, director, Bureau of the Budget, to rescind the directive recently issued curtailing the public health facilities currently available to merchant seamen.

MONKEY BUSINESS . . . on the monkey bars. All work and no play makes Jack (and Jill) a dull boy (and girl), so these first-day kindergarten students of Mrs. Mary Miller at Madrona Elementary School take a break from the rigors of classroom studying during a recess to climb, climb, and clamber over the bars shouting: "Look! Hey, look at me." (Herald photo).

Hi-Lites of Seaside
Hectic Week As Kids Return to School

By SUE BURK
 Frontier 5-4549
 Hello again, friends. Boy, has this been a hectic week! What with school just started and the kiddies raising old Ned; most of the mothers and fathers are about at their wit's end. I'll bet a nickel to a crumb do-nut that more money was spent on school clothes than daddy's paycheck amounted to. I'm on the verge of believing what one of my neighbors quoted to me the other day. Believe me, the quotation holds more truth than poetry. "We used to take a purse full of money to the store and bring back a bushel of things we needed; now we take a bushel of money to the store and are lucky to bring back a purse full of anything." So opens our new fall season.

calendar pages another year when Jimmy Mitchell became five years old on the 7th of September. Our Labor Day boy celebrated at home with a cake baked by his daddy. The gift most impressive to the lad was a baseball and bat given him by his parents. Happy birthday wishes to you, Jimmy.

Mr. and Mrs. Roland White of Zakon Rd. spent the last week-end of their summer vacation at Lake Arrowhead. We know you had lots of fun, Marty and Buzz but you're going to have lots more fun taking care of and teaching all the little kiddies this year. Good luck to you both. Mr. and Mrs. School-teacher. Does anyone have an aspirin handy?

Most residents of the Heights and Ranchos area were standing on their yards the other evening with eyes turned westward. The cause was the brush fire which swept over a large area of the Palos Verdes hills. We can give thanks to God that the fire was brought under control before too extensive damage was done to homes and properties.

The Monthly Scout Mothers Club meeting was held this week in the home of Mr. and Mrs. Charles Mearing of Linda Dr. Plans were made over refreshments for the Court of Honor meeting which will be held at El Retiro Park on Sept. 17 at 8 p.m. Looking forward to seeing a lot of new faces among the older members at tonight's meeting. A welcome is extended to all, whether your boy is a Scout or not.

We welcome to our Seaside School this year the new principal, Mr. Walter Rehwoldt, head of education in Torrance public schools. Mr. Rehwoldt has two daughters and a son the latter in the U. S. Navy. Also welcoming Mr. Lloyd Jones, assistant principal, who has a daughter and was just blessed with the birth of twins this week.

Mrs. A. G. Brown of McAlester, Okla., grandmother of Mrs. Betty Jo Mitchell of Zakon Rd., is spending several weeks visiting friends and relatives in the Golden State of California. She spent a few days visiting with Betty, Jack and children Myra, Jimmy, Larry and Mark. Welcome to you, grandmother, we do hope you enjoy your visit here and like our state.

SUGAR FACTORY
 A modern factory can handle about 6000 tons of sugar beets per day.
