

# Triple-Whip Mixer

Saves all the hard work  
of hand beating!

- ✓ NEW GREATER POWER!
- ✓ NEW Streamlined DESIGN!

Save all the hard work of hand beating with this new, more powerful G-E Triple-Whip Mixer. Whips as easily through the heaviest cake batter as the very lightest whip dessert. Uniform results are certain, too. With the new G-E Triple-Whip Mixer your favorite recipe comes out the same each time you make it. Three beaters assure thorough mixing by beating from center to sides of bowl. And the convenient beater-release lets you remove beaters without tugging. Motor is easily removed from stand for use as a portable mixer anywhere in the kitchen.

INCLUDING 2

#### SPEED SELECTOR

New, greater power at 12 kitchen-tested mixing speeds gives you the right power for every mixing job. Located right at your fingertips for fast, easy "dialing." Selector knob is grooved, turns easily even when fingers are slippery.

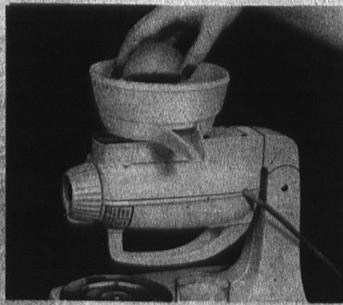

#### BUILT-IN LIGHT

Sheds its beam down into the bowl, spotlights what you're mixing. You can always see just how your mixture is coming. Mixer comes equipped with 2- and 4-quart bowls to meet every mixing need.

#### INSTANT BEATER-RELEASE

Lets you remove beaters without tugging. Simply reverse the Speed Selector knob past the OFF position and beaters slide out easily. Because the beaters have no center shafts for food to cling to, they can be washed and dried quickly.

#### HANDY JUICER

An easy-to-use plastic juicer is included with every Triple-Whip Mixer. Built-in strainer and specially designed reamer juice all size fruits from small lemons to large grapefruit. Slips on and off quickly and it's easy to clean.
