Walter Slike, right, commands the unit. Also commissioned in ceremonies here last Wednesday was First Lieutenant Neill Mahon, left. Enlisted promotions were given to Larry Hertzfeldt, Wolfgang Fengler, Walter Glance, and Michael Luongo at the same time. (Herald photo)

7 Films Slated For Second of El Camino Series

Seven moving pictures will be featured in the second in the series of El Camino College's Lecture-Film series Tuesday, December 1 at 8 p.m. To be shown in Room 8 of the Administration Building, the films will have a total running time of an hour and 20 minutes, according to John Hartley, chairman of the program. "We will show," Hartley stated, "a film entitled 'Images from Debussy,' which combines the visual imagery of the camera with the musical magic of the composer." Another film slated for showing Dec. 1 is "How Television Works," which is designed to give the layman a peek at the mysteries behind his TV screen. A third ten-minute film will show some of the history and development of the English language. "Art and Motion," another film scheduled for the program, will illustrate how skilled artists convey the idea of motion on their painted canvases, the series chairman indicated. All programs of the Lecture-Film series are open to the general public—teachers, students, and all members of the college community, Hartley pointed out, emphasizing that no charge is made for admission. El Camino College is located at Redondo Beach and Crenshaw Blvd.

Several Good Paying Positions In State to Open Next Spring

Looking for a job? There's a bunch of them opening up in the state next spring and California Secretary of State Frank M. Jordan yesterday laid down the rules to follow to get one of them. Among the openings being offered are those of California governor, lieutenant governor, controller, treasurer, attorney general, superintendent of public instruction, and United States Senator. Even Jordan's job will be put on the block. Jordan said 142 offices will be at stake in addition to superior court vacancies in numerous counties when the direct primary elections are held on Tuesday, June 8, 1954. Opens March 10. First date for candidates to circulate nomination papers and file with the county clerk or registrars of voters is March 10 and the final date is April 2. Filing fees will run on a percentage of the annual salary of the particular office with the exception of State Legislature which are on a flat basis, in the case of cross-filing, the candidate pays the fee for each ticket. Minimum signatures for nomination papers is 65 and the maximum is 100 for the offices of governor, lieutenant governor, secretary of state, controller, treasurer, and other offices. If you are interested in filing to enter the governor race, the fee is \$500. For lieutenant governor it's \$280, for U. S. senator it's \$250, for Congress it's \$125, and for assembly candidates it's \$20. Some of the jobs pay pretty well, but there is very little security with the positions. SECOND SUCCESS El Whitney, cotton gin inventor, failed to profit from that invention, but later amassed his fortune by the manufacture of firearms.

LEAPS FOR BILL, DROWNS

Lewas, Dela. — Jennings T. Mapp, 28, was standing on the wharf of a fish-processing plant counting his money. A gust of wind caught up one of the bills and tossed it into the bay. Mapp took off his outer clothes, his shoes and socks and leaped into the water. He swam a few feet, then sank. Police were unable to find his body after several hours of grappling.

REV. RUSSELL KILLMAN . . . To Give Report on Asia

Orient Film To Be Shown

"Formosa—Key to Conquest," a 25-minute sound motion picture in color, will be shown at the First Baptist Church Wednesday evening at 7:30, it was announced this week. The film was made by "Orient Crusades of Gospel Outreach," an evangelical society. In documentary style, pictures will be shown of evangelism at work in Asia. The Rev. J. Russell Killman, a representative of "Orient Crusades," will attend the film showing in person to give the audience first-hand reports of the situation in Asia. No admission will be charged, and the public is invited, church spokesmen stated.

Less Deaths So Far in '53 Says Highway Patrol

Among the many things for which Californians can be thankful this Thanksgiving is the fact that more of us are still alive. This statement is based on the reports of rural accidents for the first ten months of 1953 as compiled by the California Highway Patrol. The ten-month total of 1941 traffic fatalities in unincorporated areas of the state reflects a reduction of 123 deaths below the figure for the same period last year. Injuries have been reduced by 1790 and reportable accidents are down 599. In addition to the lives saved and injuries prevented, there has been an estimated cash saving of \$11,685,000 thus far this year. "These reductions have been achieved despite a constantly mounting traffic volume which is now 4.9 per cent heavier than the same period last year," emphasized Patrol Commissioner B. R. Caldwell. "However the biggest hurdle of all is just ahead," he cautioned. "The wet streets, the preoccupied shoppers who don't look, and the drivers who travel too fast to cope with these hazards all help to make December our most critical traffic period but our most critical traffic month. "If every motorist will only keep his speed within limits that are safe for existing conditions we should be able to improve on our present gains," he added hopefully.

WARDEN KILLS BUCK

Bisbee, ARIZ.—Out to find violators of the deer law, Deputy Sheriff Bennett Moson drove into a game preserve. Suddenly a four-point buck darted across the road in front of Moson's car. Moson tried to avoid hitting the deer but there wasn't time before the collision. The embarrassed Moson pulled the deer into his car and contributed it to the county hospital.

NO PROFIT

Chicago, Ill.—A bandit entered a popcorn shop and asked for a bag of popcorn. As Miss Phyllis Carlson, a saleswoman, held out the sack and rang up the sale, the robber grabbed \$147 from the cash register and fled. Bystanders and a traffic cop chased the man, who shed his coat, ran into a subway station and jumped into a train just as it pulled out. In the discarded jacket, however, the police found \$177.37.

DAY-OLD POLICY GOOD

Denver, Colo.—George Smart, 31, head file clerk for a railroad, applied for a life insurance policy which guaranteed the \$9000 mortgage on his home and paid the first premium on it, \$9.45. The next day, Smart died of a heart attack, although he had taken a physical examination for his policy the day before. Actuarial experts estimated odds against such a circumstance at more than 1,000,000 to 1.
