**CHECKS CRASH . . .** Traffic Officer Buck Ingram inspects the wreckage following a crash at 227th St. and Hawthorne Ave. Wednesday morning. Driver Aurelius Holscher, 52, of Redondo Beach, escaped with a lacerated forehead. The impact pushed the 10-ton shovel two feet, police said. The auto skidded 102 feet.

## Board Discusses Need for Bonds

The possibility of postponing the scheduled May 10 override tax election and adding a new proposal for an additional \$5,000,000 in bonds was considered Monday night by the Torrance Board of Education.

With one eye on the budget and the other on rising population figures, the board decided that more money for school construction is needed, whether or not the Palos Verdes territory is annexed.

Projected figures show that in four years, the school population will have reached 28,000—roughly two-and-a-half times the present enrollment. This includes only Torrance's present area.

Since Torrance is allowed to sell bonds up to 10 per cent of the city's assessed valuation, the plan under consideration would be designed as a future measure. The school district will pay off some \$500,000 of outstanding bonds this year.

Assessed valuation in the city is expected to increase next year by some \$20,000,000, thus increasing the amount of bonds that the district could sell by some \$2,000,000.

The board decided to discuss the matter with local leaders and the Torrance Industries Tax Committee.

At the same meeting, Bruce Hawk, special services consultant with the County Superintendent of Schools, advised the district not to enter the state aid program if it could avoid doing so.

"If there is any possibility of doing the job with your own funds, do so," he said. Although the plan has aided many districts, he said, there may be much delay and considerable cost in waiting for school buildings. Another bad feature is that local control over schools is lost to a large extent, he said.

Entering the program might be more expensive, he said, but not considerably more.

### Call Bids for Court Parking Lot Projects

Bids for extensive parking lot improvements to serve the South Bay Cities Civic Center were ordered advertised Tuesday by County Supervisor Burton W. Chace. Specifications for the project which lies directly behind the present court building call for landscaping and paving of the parking area, which will accommodate approximately 100 cars, Chace said.

Chace stated that the improvement "is a necessary and long overdue one to take care of the needs of the citizens using the facilities of this civic center."

## TOWN TOPICS from Bank of America

**Torrance Branch**  
 Dean L. Sears, Manager

### WHEN IS YOUR BIRTHDAY?

The fact that two famous presidents were born in February reminds us that lately some of our friends have been opening "birthday" saving accounts—either for themselves or a member of the family. The idea is to save a certain amount each week for a special purpose, starting on the person's birthday. We think it's a fine idea—but why wait for a birthday? Why not start right now?

**SIGN OF THE TIMES... Timeplan**

Judging by the number of Timeplan auto financing contracts we've processed so far this year, the 1955 models are going to out-sell any previous year. There's a reason for this, of course. 1955's crop of cars not only look good, they are good—undoubtedly the best automobiles ever built. And Timeplan is a good sound way to buy—through your dealer or your Bank of America branch.

### ? B of A Quiz Corner ?

**DID YOU KNOW** That you can transfer a 'B' of A savings account from your branch to any one of Bank of America's 550 branches in California—without losing a penny's worth of interest? This is just one more of the many advantages of doing business with Bank of America.
