

# Mother's Day Observances Mark Seaside Area Past Week End

By SUE BURK  
FR 54549

Enjoying Mother's Day in Keystone were Mr. and Mrs. B. Frank Renz and son, Mike, of Zakon, who visited with Alpha's parents, Mr. and Mrs. Parker.

The B.P.O. Elk's Lodge 1948 of Torrance observed Mother's Day with a beautiful ritual in the new lodge hall on Carson. Anyone who took the opportunity of visiting the lodge on that day will agree that the ceremony was memorable.

Mr. and Mrs. Williamson welcomed into their home at 5121 Zakon Rd., on Thursday, another little cutie-pie. Sue Ann joined her brothers and sister with a lusty yell, meaning only the best of health and a large number of 2 and 4 a.m. feedings. Her weight at birth was a little over seven pounds.

Enjoying Mother's Day at Roller Derby in Los Angeles were Mr. and Mrs. Frank Burk and Mr. and Mrs. Dan Nolan of Hollywood. Roller Derby is more exciting to watch in person than it is on TV where one is interrupted every few minutes by commercials.

Sorry to hear of the auto accident involving our good friends Lee and Ellen Daggett. Though the Daggetts emerged from the accident with minor bruises, their car was damaged to the tune of around \$400.

Business this week include

Madge Graham with flu, Mickey Walker, back to school after a siege of chicken pox and measles, and Ronnie Halsey, who suffered a broken leg.

The Jack S. Mitchell's of Zakon are doing a bit of interior decorating. The kitchen is now sporting a yellow with turquoise trim. Betty has just finished some attractive kitchen curtains.

Mr. and Mrs. Blckford and children recently moved in at 5117 Zakon Rd.

School will be out in Torrance for the summer vacation beginning June 17. Any objections, anyone? For the present time, however, regular sessions will begin on May 18th. Hours will be from 9:00 to 2:15 for grades 1 through 3 and from 9:00 to 3:30 for grades 4 through 8. The all-day session will continue through the remainder of this school year. Double sessions will be necessary starting the new school year in September, however, because of increased enrollment. The new rooms in Seaside School are full and complete, thus, all-day sessions will be

held until school lets out June 17.

Pupils of the seventh grade in Seaside tripped off to the home of their teacher in Redondo Saturday to enjoy hot dogs, potato chips, fresh green vegetables, cake and lemonade. "It's a wonderful start for ending the school year, Mr. Brentwood."

On May 11 the Scout Mother's Club met in the home of Ellnor Berry of Draile Dr. in the Gardens. After reports from different officers, the Scout Mothers held their yearly election of officers for the new year, 1955-1956. Taking her new post in June will be Ellnor Berry as new president, succeeding Madge Graham. Barbara Bardeen will be the new vice president, corresponding secretary will be Margaret Whyte, recording secretary Emile Henzik, Treasurer will be Virginia Naumann, historian will again be Bonnie Evans, and news chairman will be Martha Kolleck. Ladies present to enjoy hot apple pie and coffee were Emile Honzik, Alma Kessel, Virginia Naumann, Marion Colby, Bon-

nie Evans, Margaret Whyte, Martha Kolleck, Sue Burk, Isabelle Gaul, Janet Wood, Barbara Bardeen and Myrtis Nix. On June 8 the Scout Mothers will celebrate their birthday with annual dinner at Marine-land.

In a single ring ceremony at the "Wee Kirk of the Heather" Chapel in Las Vegas, Nev., Jack Coates took as his bride the lovely Lenore Barnes of Redondo. Serving as best man and maid of honor were Pete Cairns and wife, Dorothy. Mrs. Cairns is sister of the groom. The beautiful wedding dinner was held at the Thunderbird Hotel dining room in Las Vegas. A surprise wedding shower was held for the new bride and groom by the girls of the Biles Manufacturing Co., of El Segundo, which gave the newly

## Sgt. Clyde Chansley In German Field Test

Sgt. Clyde E. Chansley, whose wife, Doris, lives at 26005 S. Cypress St., recently took part in a three-week field training exercise with the 5th Infantry Division's 11th Regiment in southern Germany. The exercise tested the combat effectiveness of the regiment under simulated combat conditions.

## Milovich Completes German Field Test

Sgt. Montie L. Milovich, 24, son of Mr. and Mrs. Luis Milovich, 18930 Hawthorne Blvd., is a member of Company A of the 1st Infantry Division's 26th Regiment, which recently completed its annual squad field training test in Germany.

married couple a good start for their home. The couple have not said where they will make their home, but we do know that it will be in sunny California.

## Brilliant Bougainvillea

Brilliantly colored, the Bougainvillea vine can transfer a dull wall or insignificant fence to a riot of gay, warm colors—purplish red, deep magenta, cerise, pink, bronze, gold or brick red.

An evergreen vine, the Bougainvillea wears ordinary medium green foliage and very plain flowers which are set in the middle of three bracts—until the height of summer when the bracts burst forth in glorious colors.

## Airplane Robbed

Torn wires and a pilfered magneto from the plane of John E. Lind of San Pedro, were reported over the weekend to Torrance Police. The magneto was valued at \$100.

# Some thoughts from a neighbor about CHEMICAL PROGRESS WEEK

All this week you'll be hearing a lot about the wonders of chemistry. This is Chemical Progress Week. America's chemical firms want to tell you how chemistry helps you live better.

At Shell Chemical, we regard this special week as a sincere tribute to every person who works in the industry. And more especially to every person who works with us at the Torrance synthetic rubber plant.

The quality of our products comes from our employees—the people who actually turn raw materials into products we can be proud of. We can never forget our dependence on these people. Nor, on the other side of the coin, our responsibility to them.

This responsibility not only means being a good employer, but also a good neighbor in the community, pitching in to make it a better place for all of us.
