

Bakery Gets Trophy for White Bread

For the third consecutive year Sugar 'n Spice Bakery has been awarded a Gold Cup Trophy and certificates of Merit of the Allied Trades of the Bakery Industry.

The seventh annual Bakers' Forum, held in the Ambassador Hotel, is sponsored by the Allied Trades of the Baking Industry of Southern California.

There were 1,100 or more entries, judged by nine Home Economists from nine major corporations and utility companies in the area. None of the entries are identified in any way until after an award has been won. Nine Gold Cups in all are awarded, one for each classification of baked goods as specified.

The Gold Cup award won by Sugar 'n Spice is symbolic of first prize for the finest loaf of white bread. Sugar 'n Spice also won an award of merit for variety bread and an award of merit for decorated cakes.

At the Sixth Annual Bakers' Forum, held in 1954 Sugar 'n Spice Bakery won the Gold Cup for white bread and an award of merit for layer cakes.

In 1953 Sugar 'n Spice Bakery won the Gold Cup for layer cakes, and an award of merit for decorated cakes.

Sugar 'n Spice Bakery was represented at the Forum this year by Gail Vance, bakery superintendent, who accepted the Gold Cup and awards of merit and by William Pischook, sales supervisor.

Sugar 'n Spice's bread and other bakery products are available at all Jim Dandy Markets as well as at Sugar 'n Spice Bakery counters and self-service outlets.

Kiwanis to Present Smog Information

Possibilities of controlling smog have been so simplified in the minds of residents of the Los Angeles area that thousands of persons erroneously have been led to expect quick victory over the menace, Jay Barrington, chairman of the Torrance Kiwanis Club Smog Information Panel, warned Friday.

At the same time, Barrington announced the inauguration of a new Kiwanis-sponsored speaking campaign to bring Torrance residents the truth about smog. The club is cooperating in this connection with the non-profit, nonpolitical Air Pollution Foundation.

"Smog isn't going to be licked next month or for that matter next year," Barrington said.

"The simple, inescapable truth is that there is no great reduction in smog in sight this summer or next. The means that there is more need than ever for control measures against all known sources of air pollution. We must not wait for research in order to curtail all known smog-formers and pursue all emergency or interim forms of smog reduction."

In addition to Barrington, other members of the Torrance Kiwanis Smog Information Panel are President Gerald Eastham, Joe Doss, and Glenn Pfeil.

BUY A BUDDY POPPY
SAT., MAY 28th

We observe Memorial Day, take off our hats to men who fought our battles; Buddy Poppies were made by men who fought our battles, came home, to be confined in hospitals. They're men with hope eternal in their hearts. They're not depressed, but happy as they flash these cute paper remembrances of a time and place made sacred by sacrifice of their Buddies.

The coin we drop into the canister is a tribute to valor. It is our way of saying, "Well done, boys." The Veterans Bureau gives them every conceivable materialistic comfort; these coins are their pass to freedom, with them they may purchase a stamp, penell or perfumed note paper. Would you buy a smile for a dime, a quarter or a dollar?
