

## Libraries Add Catalogue of Available Kiddies' Books

The answer of some of the summer vacation problems of youngsters who are regular book borrowers is contained in a book now available at all four Torrance area libraries.

Volume I contains the 9600 titles of juvenile books in the library, while Volume II lists all the authors. The third volume lists the books by subject matter, with 20,250 subjects in all.

According to County Librarian John D. Henderson, all volumes are written in style which make them easy for a child to understand.

A child who had a specific book or author in mind would have no trouble finding it, he said, while one who wanted a

## Auto Overturns

Harold G. Hunter, 22, of 414 Harbor Hills, Lomita, was unhurt when his car overturned and was demolished on Palos Verdes Dr. North at Via Campesina in the Rolling Hills area, California Highway Patrolmen reported Friday.

book on a subject such as "horses," would be able to find plenty of books about those animals.

**Task Completed**  
The Library's Catalog Division, under the direction of Mrs. Catherine McQuarry, recently completed the three-year task of compiling all the information.

A similar compilation is now being completed on adult books, he said.

## New Airport Project Gets Green Light

El Rancho Palos Verdes Corp. was granted permission this week to proceed with construction of a delicatessen and liquor store on Pacific Coast Highway at Torrance Municipal Airport, with the agreement that work on the first unit of a 14 to 16 unit motel will begin within 90 days.

Under terms of the original agreement there was a prohibition against constructing other than a "motel, restaurant, store or swimming pool," without consent.

## TOR-NIDO TIDBITS

# Confused Father, Ailing Doggie, Baby Hawk, All Have Problems

By VERA C. WRIGHT  
FR 2-2288

Salutations! I'm glad to be back in the gay circle and am deeply grateful to my sister, Sarah R. Hooker, for her work on Tor-Nido Tidbits in my absence. Now that I am back, sometime during the week's activities, won't you call or drop me a postcard at 18328 Roslin Ave. and let me know what good fortune the wheel of fortune has spun in your direction!

Winning the title of "MOST CONFUSED FATHER" of the year is Steve Brodzinski of

4138 1/2 1776th St. proudly announcing the birth of five pound, five ounce Debra Ellen whose birth at the Daniel Freeman hospital made May a merry month for the Brodzinski family. Why, the title? Well, it seems that Mr. Brodzinski went to bring the Mrs. and Debra Ellen home and forgot their clothes, so had to return home for them. And this is not their first child!

"Life is one continuous dream," for two matrons in our midst who have taken on the career of jewelry showing and their life is now just one party

after another. Keeping busy with these parties are Claudine R. Blake, 18825 Thornburgh Ave. and Alice MacKenzie, 4332 179th Street.

**Kahle Meyers of 4330-180th St.** is at Hawthorne hospital. Good health wishes are yours, Mr. Meyers.

My best dog correspondent sent in this report about "Gypsy" who resides at 4160 W. 173rd St. She is up and around now after spraining one of her dainty little paws. She belongs to the Arensmeyer family.

We had just a day at Corriganville with hospitality which proved that present-day Californians possess the same kind of respect for the Old Californians did. The conversation of our sons, Wayne and Billy, and from our nephew David Reed, consists of rugged mountains, rustic accommodations, good and scenic roads, good hiking, mountain climbing, and rodeo viewing.

The 18249 Ashley Ave. Philo Miller home continues to be the liveliest one within our community, and so Phil spent his week end in Esenada fishing while son Gary was one of the eight year olds invited to Engineer Bill's television show. But we can't let brother Gary take all the credit, for five year old sis, Kathy, appeared also.

Our Kitchen now sports a lovely cedar souvenir brought back to us from Enid, Okla. by Mrs. Cecil Davis and son Ernie on their recent vacation trip back home with daughter, Mrs. Earl Nichols and husband, Mrs. Davis who resides at 18337 Roslin Ave. admits she enjoyed the trip tremendously but is happy to be home now.

Mrs. A. Slatten, 18329 Poslin Ave., relates that son Charles is improving gradually and expresses thanks to the many individuals and groups who have lent assistance to the family in various ways.

The trend towards interior decorating is taking the spotlight in our area and so it is no wonder that the Paul Herrings of 18312 Poslin Ave. have caught the fever and are busily painting their bedrooms as well as adding many new additions to their closets, etc.

The June meeting of the North Torrance Canasta Ladies was held at the home of Mrs. Deino Hart, 4247-181st, with Mrs. Erich Schuster winning first prize, a jewelry chest.

Beth Jackson was a surprised young lady when she was feted at a luncheon at 3754 St. Gloria Carlstrom neglected to tell her that she was inviting Lee Arensmeyer and Maura Boell, also, so that they would form a trio to sing "Happy Birthday" to her! Gag gifts were presented to the charming Mrs. Jackson, who thought she was to be Mrs. Carlstrom's only guest.

Mr. and Mrs. R. Bunic, 4119 W. 173rd St., were among the lucky ones who were able to take advantage of the three day Memorial Weekend holiday so they ventured towards Hawthorne, Nevada, and had an eventful time.

It didn't take a crack of the whip to get Mr. and Mrs. John Arensmeyer started towards the Coronado Hotel where it seems quite fitting to start on a second honeymoon.

Relaxing, swimming, barbecue steaks! These activities and food were the prime reasons Mr. and Mrs. James Shrigley with son Gary and daughter Patti enjoyed their week end at Crestline.

Mr. and Mrs. William Boell, 4231 W. 174th St., took part in one of the most colorful and exciting events of the season by attending the Hawaiian party at Fort McArthur.

Providing an opening for conversation is young Warren Nelson of 4039 W. 176th St. who recently had his tonsils removed.

The Villegas family of 18338 Roslin Ave. are very proud of their brand new patio which father Villegas not only planned but built with his own two hands. For further information consult phone five year old

**South Torrance High School Tests Get OK**  
A foundation investigation for the proposed South Torrance High School was authorized by the Torrance School Board Tuesday night.

The Board authorized the Converse Foundation Engineering Co. to make the soil tests in preparation for the new school, which officials hope will be at least partially ready by September, 1957.

Danny Villegas! El Nido school graduates are in for a treat at the party planned for them by their parents. It will be held at Verburgs on Thursday evening.

Mrs. Mary Roza, 18330 Roslin Ave., reigns supreme with a new stove and new lamps and soon she will own a brand new rug. All this and with nary a birthday or anniversary in sight. How lucky can one be?

The 18309 Roslin Ave. R. Terrence family have gotten hold of the interior painting bug.

Would appreciate hearing from anyone who knows what—aside from hamburger—does one feed a baby hawk?

## Intoxicated Driver Fined

G. Dolores Ryan, 50, of 22241 Linda Dr. was fined \$125 Thursday in South Bay Municipal Court on her plea of guilty to a drunk driving charge. The charge grew out of an accident June 1 in which another person suffered slight injuries in a collision at Sepulveda Blvd. and

## Pacific School Project Robbed of Materials

Thieves made away with building materials last Wednesday night from the construction project at Pacific School, Nancy Lee Lane and Newton St.

Items stolen included about \$150 worth of chicken wire for applying stucco, \$20 worth of paper in rolls, two shovels and 18 sacks of cement plaster.

The theft was reported to police by Donald Kibbey, lathing foreman.

**AIRMAN LEAVES . . .** A/3c Donald Eugene Johnson, twin son of Mr. and Mrs. Marvin F. Johnson, 2621 Martha St., who recently spent a 10-day leave at home, has flown to Scott Air Force Base, Illinois, where he is to study radio.

Johnson, a 1954 graduate of Torrance High School, attended El Camino College for one term.

**RIFEMAN . . .** Marine 1st Lt. James M. Dale, whose wife, Louise, and parents, Mr. and Mrs. Thomas R. Dale, live at 2089 W. 182nd St., recently participated in the Army Forces Far East and Eighth Army rifle and pistol matches at Sendai, Japan. A 1952 graduate of UCLA, he entered the Marines in February, 1953.

## MOVIES HELP TO DECIDE WINNER

Most famous of the many innovations introduced at Hollywood Park to improve racing and its officiating is the taking of motion pictures from many angles of every race and having them developed and ready for the stewards to check within five minutes of the finish of each race. Every major track in the U.S. now has followed Hollywood Park's leadership in the taking of pictures.

## Gates Represents Insurance Company

James A. Gates Jr., 2355 Torrance Blvd., has been appointed a representative for the Connecticut Mutual Life Insurance Co. in this area. Gates attended El Camino Junior College and served two years in the Air Force. He will be associated with the Melzar C. Jones agency, Los Angeles.
