

LONG WEEK

An average gasoline service station in the United States is open for business about 100 hours per week.

RAPID GROWTH

The 1950 census showed California then had 4,922,000 more residents than when the 1940 census was taken.

Many Readers Give Useful Hints On Care, Feeding of Baby Hawk

BL. VERA C. WRIGHT
My sincere thanks to the 22 persons who took time out last Thursday and Friday to call and inform us as to the many habits (eating and otherwise) of the hawks. Amazing to note that only one of these persons was from North Torrance! After explaining what had to be done on a daily agenda for Baby Boo (the hawk), our son decided it was a wonderful gift for Fathers Day for Father Wright!

That wasn't smoke caused by a fire at the new grocery

store in our midst, but Gary Parson's hands as he packed those grocery bags and boxes. In fact, Gary of 18313 Regina Ave., was the cause of much discussion by shoppers for his alertness, so am greatly interested in procuring some of that energy food consumed by our young friend!

Angelle Mrs. A. Slatten of 18329 Roslin Ave. is happy over the homecoming of her son, Charles from the Harbor Hospital. He is looking forward to friends and neighbors dropping in for short visits during

his convalescence. Welcome home Charles!

Handsome Kahle Meyers of 4330 - 180th St. is welcoming friends and neighbors during his convalescing period, as he has just returned from a lengthy stop at the Hawthorne Community hospital.

You would be surprised if I were to tell you the names of a certain familiar quartet in our midst who have decided that men should become aware of good grooming aids as well as indulge in the fact that a man should feel it's necessary to make an effort to be attractive for his lady fair—and they are doing something about it!

The first graduates from the El Nido School were in for quite a treat with the party which was held in their honor at Verburg's. Aside from being presented with gift autograph books, each graduate present received a door prize of either a phonograph record, earrings, pens, merchandise orders or free haircuts. Be-bop contests, polkas and waltzes took the spotlight as teenagers proved that they too can enjoy and like varied types of music!

It shouldn't be a surprise to anyone with the fine effort expended in community projects by Anthony Billotti, 18528 Ashley Ave., that he should be chosen to become a part of our fair city's Recreation Commission.

That was a nice speech by Jack White, representing the N.T.C.I.A., on the pit problem.

Proof that high school stu-

dents grow handsomer by the moment is the picture of Richard and Carl Davis, 18337 Roslin Ave. In the '55 annual, Carl was graduated from high school.

Can't help but wonder if the 4247 W. 181st St. Delno Hart household treated pop as they did mom on her day, for she not only received breakfast in bed but a kiss every hour on the hour!

Since Marion, Mellor, Ella Killian, Margaret Buzzo and Dorothy Paralt always have their mailboxes filled to overflowing with invitations to join in from dusk to dawn affairs they decided to accept an invitation to dance to the music of Les Brown at the Palladium. Incidentally, Philo Mellor was enjoying the sport of fishing at Ehsenada at the same time his wife and the other glamour girls had an interesting music filled evening!

Attention on Roslin Ave. centers on the 18312 Roslin Ave. chalet of the Paul Herrings, for it is being completely remodeled, repainted and landscaped—and speedily—by Audrey and Paul.

Mr. and Mrs. Dean Mikkelson, with sons Bobby and David of 4014 W 174th St., just returned from a tour of Minneapolis, Minnesota and Orland, Indiana, with comments that although the scenery was excellent and the weather the very finest possible, they are very happy to be back in Torrance.

Mr. and Mrs. Robert Proebstel from Pacoima hosted Mr.

and Mrs. Manuel Soto on a dreamers' trip to Idyllwild and Palm Springs over the Memorial holiday. The Sotos' address has now changed, as they are to reside in Susana Knolls, which is located in Simi Valley, next door to the world famous Corriganville. Incidentally, Mrs. Soto received a dress and jewelry on Mothers Day.

Good luck to the McHugh family of 4340-179th St., who are relieved that the sick germ

hasn't been a visitor to their domicile for quite a while now.

The well known drummer, Kenneth Purviance, of 181st St., was host at a party given for several Perry School graduates. Among those whom he guested were Charlotte Meyers and Brenda Thompson.

Looking all the world like a Powers model was Mrs. Frances Hynes of 18321 Roslin Ave., as she viewed her sister, Lorraine Collins, receiving her diploma.
