

# Three-Day Convention for Lady Engineers Attracts 2 Rivierans

By MARY WEBB  
FR 5-3051

Up to Hollywood this week will travel two localities to attend the 8th National Convention of the Society of Women Engineers at the Hollywood Knickerbocker on June 24 through June 26.

Mrs. S. A. Broughton, 106 Via Sevilla, public relations chairman for the group, and Mrs. W. R. Rittamel, 4508 Newton, are the two, and they've had lots to do with the events that will roll off during the three-day convention. Both have been busy for months lining up speakers and field trips and making all those arrangements necessary to make the convention a success.

Mrs. Broughton pointed out that the group will take its field trip on Friday to various local manufacturers and will meet for a party in the evening at Ciro's. Saturday's agenda calls for speakers in the morning and afternoon, a luncheon session, and in the evening a gala banquet at which Dr. Ballhaus, chief engineer at Northrop Aircraft, will be principal speaker.

Over 100 women engineers from all over the country are expected to attend and guests are welcome, Mrs. Broughton added.

Mrs. Broughton was also elected treasurer of the Los Angeles Section of the Society, with Mrs. Rittamel as chairman, with both women to take their active posts in the fall.

The Delta Tau Omega chapter held its last meeting of the year at the home of Mrs. Robert Matson, 228 Via Alameda, on June 9. After a regular business meeting, coffee was served. After coffee, the group traveled to San Pedro for luncheon at the Hacienda. Next meeting of the chapter will be on Sept. 15 when they meet at the home of Mrs. Lloyd Hennen, 220 Palos Verdes Blvd., at the opening of the active fall season.

Present at the meeting on June 9 were Meses, Morrison Hornbeck, Charles Gift, Lloyd Hennen, Robert Pinkney, Harry Walker, Max Webber, Ernest Wisman, Howard Wilkerson.

Dan Darnell Jr. and the hostess.

Planning on moving away from Hollywood Riviera are Mr. and Mrs. James Eckhart, 708 Calle de Arboles, and the reason is the only one which usually can move a Rivieran: a switch in job location.

He is working presently for Hycan Electronics, and is now at their Pasadena plant. The distance is just a bit too far for a comfortable life, and so they and their three children plan to live soon in Pasadena, near Pop's work. The three Eckhart children are Jimmy, 10, Patty, 8, and John, 4.

Ever had house guests from Cordova, Alaska? Well, the Roy Smiths, 145 Via Alameda, have. They are Mrs. James Smith and her three children, Rebecca, 8, Judith, 7, and Diane, 3. Now follow this closely: The Alaskan Mrs. Smith is not the sister of Mr. Roy Smith of Hollywood Riviera. She is instead the sister of Mrs. Smith, whom she has not seen for over six years. You see, this is one of those one-in-a-million shots; the sisters both married men named Smith!

The Alaskan Smith is down here in Southern California to finish some courses at UCLA this summer and receive her teacher's degree. While she does this, her hubby Smith stays in Alaska at his work. Then she'll return to Cordova this fall and will be able to teach elementary school there.

**NOT SO NEW NEIGHBOR DEPT.:** A big welcome back to Mr. and Mrs. Neal A. Jolley and their two children, Carol, 3, and Neal Jr., 13 months, who have moved into their new home at 301 Via Mesa Grande. The Jolleys lived in Riviera some years ago, and have returned to Riviera direct from a two year stint in Japan. Mr. Jolley is a field engineer for Hughes Aircraft, which gets the family around a lot. So we'll say again welcome back to the elder Jolleys and a merry hello to the younger Jolleys who indeed are qualified to be listed as new neighbors.

The Redondo Beach Women's club was the scene of the Hollywood Riviera Girl Scout Court of Awards and Brownie Fly-up ceremonies held this month. Mrs. Thomas von Blankenburg, Girl Scout area chairman for Hollywood Riviera presided over the ceremonies, and presented certificates of thanks to Rex Hayes, president of the Riviera Sportsmen's Club and Mrs. J. D. Smillie of the Las Vegas club for their aid in sponsoring Girl Scout troops.

After the program, coffee, punch, and cookies were served to the capacity crowd of families and friends attending the ceremonies. One hundred and seven awards were presented to the Brownies and Girl Scouts assembled.

**NEW NEIGHBOR DEPT.:** A hearty hello to Mr. and Mrs. Schuyler Gardner and their two children, Donnie, 5, and Kathy, 3, who moved into their new home at 224 Calle de Madrid, just one month ago. They moved here from away beyond the hills of Idaho, via Seaside where they lived while awaiting their Riviera home. Mr. Gardner is with the C.A.A., working in the control tower at the L.A. International Airport.

Mrs. E. R. Hoppe, 620 Via Monte de Oro, returned home last week after spending two months in the east. She reports dividing her time among Cleveland, St. Louis, and other cities of the midwest. Upon her re-

turn, she was accompanied by her daughter, Carol Frances, who has been studying at Iowa University. Miss Hoppe has completed her first year of university work and will return in the fall. In the meantime, as a junior member of the traveling Hoppe family, son Donald, a fifth grader at Rivera school, left Riviera on Friday, June 16, for a several week's visit with friends in Phoenix, Ariz.

Mr. and Mrs. Robert Pinkney, 361 Paseo de Gracia, and Mr. and Mrs. Davis Cochran, 268 Calle de Andalucia, attended the CAP Group Commander meeting held in San Francisco over the first week end of this month. The couples stayed at the Marine Memorial club in San Francisco, they reported. While in the Bay City, they attended the Bocce Ball and a dinner-dance at the Presidio.

**Ummmm! Boy!** There's a big treat in store for Rivierans and their neighbors round about the South Bay. June 24 and 25 are the big evenings, when Los Caneleros present their fifth annual concert at Redondo Union High School. The roaring success of this Riviera choral group has made itself felt all through Southern California. They've won award after award and competition upon competition for their outstanding choral work. This time they'll present as the highlight of the evening, a musical history of the development of Negro spirituals in America, titled "All God's Children Gotta Sing," with Jester Hairston as narrator. The two part concert will also contain traditional choral music, along with Sacred, 16th century and Swedish choral work and American folk songs. The group is under the direction of Roger Bushell, with Phyllis Bennett and Barbara Mabin as accompanists.

Each year the Los Caneleros concert is a tremendous success, being attended fully on both evenings. Curtain time will be 8:30 on both evenings, and for more information, you may call FR 5-1633.

**Dennis Reitor, son of Mr. and Mrs. Ralph Reitor, 552 Calle Mayor, celebrated his fourth birthday with a gala party at his home on Monday, June 6.** After a spaghetti luncheon, topped with cup cakes and ice

cream, games were played by the celebrant and his guests. Attending were John and Dan Hearn, Laurie Ann McElroy, Mark Taylor, William Walpole, Mike Fincher, Wendy and Karen Jones, David Baxter, Duane and Peggy Durand and brother Keny Reitor.

Mothers present to assist with festivities included Meses, John Hearn, Ivan McElroy, Russell Taylor, Harold Walpole, John Fincher, and Marvin Jones.

Mr. and Mrs. James Greer and son, Gary, 8, and daughter, Lorie, 2, of 142 Via Alameda, have returned from a vacation in Phoenix, Ariz. That is to say, they all four went over to Arizona on the vacation but only three returned. The fourth, young son Gary, will remain with his grandparents until July 1, returning to Riviera with them when they come here on their return vacation visit.

While in the Sunshine state, the Greers, visited Yarnell, Ariz., high in the mountains; Oak Creek; Nogales, Mexico; and Stewart Lake, where they went boating, canoeing, and swimming.

**D'ja know we have a racing star living here in our midst?** Well, we have—and he just came home from the Great Western Rally with not one, but two big gold trophies to show his driving prowess. He's Lyman Lyons, who in the Long Beach MG club's Rally, placed fourth in the overall driving and first in team driving. It was a three-day endurance trek to Yosemite and return, and of the 94 entries, only 74 cars finished. Lyons drove his Triumph TR-2, which we can attest he has been winding up and priming for some time. Starting time was 5 a. m., Friday, with Lyons holding No. 11, which gave him a kick-off time of 5:11 a. m. His time of arrival at Yosemite was 7:46 Friday evening, with the speedometer clocking 454.4 miles for the trip up. The race, Lyons pointed out, was not so much one of speed as of timing with every car clocked and measured throughout the trip.

The group stayed over at Yosemite Saturday and Sunday night, leaving Sunday morning for the return trip via a different route. He won the first place team trophy by over 30 minutes ahead of the next team, race records show.

Lyons was presented with two large gold trophies, one 16 inches in height (first place team) and one 14 inches in height (fourth place over-all).

At a special election meeting held last Monday afternoon, the general membership of Las Vegas elected Mrs. Robert P. Pinkney their president for the one year term soon to start. Mrs. Pinkney, who resides at 361 Paseo de Gracia, will take office after the close of the next meeting.

The special election was necessary after Mrs. Alex Hunt, recently elected president of the women's club, resigned her post before installation into office. Bylaws of the club call for this action when a newly elected president resigns before taking office. Mrs. Hunt resigned due to "important personal matters," she revealed to the organization's nominating committee prior to the special election.

Eighty-eight members convened at the El Retiro park grounds to cast their ballots after the special election date and time was announced by the nominating committee.

Group 4 of the Hollywood Riviera Peninsula Volunteers, Needlework Guild of America, announced this week that they will hold a picnic lunch at El

# Expectant Mom Series Concludes

The final session of the spring course for expectant mothers in the Torrance Health Center, 2300 Carson St., today, at 1 p. m., will feature the films, "Preface to a Life" and "Home Safe Home." The film showings will be followed by the distribution of diplomas to those prospective mothers who have attended the required number of classes, according to Miss Kristine Kawaguchi, public health nurse-instructor.

Prospective mothers are invited to view this film and register for the mid-summer series of classes which will start immediately. There is no registration fee as the classes are a tax-supported program of the County Health Department.

Retiro park on Tuesday, June 23, commencing at 11 a. m.

Mrs. Allen Oberst, 175 Via Los Miradores, leader of Group 4, added, when making the announcement that members may bring their children or other guests if they wish. Purpose of the meeting is recreation prior to swinging into their planned summer schedule.

# National Home To Hold Party

The public is invited to join the staff of the National Home Appliance Co., 1267 Sartori, a newly franchised Westinghouse dealer, when the company holds a three-day open house, beginning today and continuing through Saturday.

Prizes and favors for the youngsters, and refreshments for adults will feature the affair. Demonstrations of the latest in electrical appliances also are on tap.

Harry Abramson, owner, has announced a drawing will be held, with the winner given the

choice of any of the displayed products. Plans also call for distributing baby orchids to lady guests, he said. Eleanor Artuso, home laundry consultant for All detergents, will be on hand to advise guests on washing procedures. The store will be open from 9 a. m. to 9 p. m. each day.

**LABOR'S SHARE**  
Of the total U.S. national income, labor's share increased from about 59 per cent in 1929 to more than 67 per cent in 1949, and is still rising.

**IN THE LITTLE DOGGIE HOUSE?**  
*Eat with Charley*
