

UCC Manager Joins Campaign Staff for YMCA

The 1957 YMCA Industrial Division campaign, announced today that C. N. Rucker, plant superintendent of Carbide and Chemical Co., had been named as co-chairman of this important portion of the annual YMCA fund drive.

Morgan stated that Rucker's appointment completes the Industrial Division organization, with 35 men from 20 of the larger Torrance industries as YMCA campaigners.

The Industrial Division men have set their goal at \$12,000 for 1957, or exactly one-half of the total Torrance YMCA goal.

The industries will begin their drive with a luncheon at The Palms on Thursday, Jan. 24, and will attempt to complete their goal in five weeks.

This same division raised their \$10,000 goal last year under the chairmanship of Morgan. Morgan stated that he was sure that Torrance industry would support the fine work of the YMCA in 1957.
