Osteopathic Auxiliary Tea Honors National President

The tea given by the Auxiliary to the Bay Harbor Osteopathic Society, Thursday afternoon honoring Mrs. Henry L. McDowell of Long Beach, brought together the Auxiliary leaders from the National, State, and City levels of organization. Mrs. McDowell is president of the Auxiliary to the American-Osteopathic Assn. Attending the invitational event in her honor was Mrs. Claire E. Pike of Long Beach, president of the Auxiliary to the California Osteopathic Assn.; Mrs. P. W. The affair was held in the Rolling Hills home of Mrs. Arthur D. Pedersen. Psychology of Salesmanship

a professional course in the field of promotion and public relations

Tuesday and Thursday Evenings

beginning Feb. 7th at 7:00 o'clock

The class will meet for 60 hours, with certificates issued on May 7. Enrollment restricted. The course is designed to answer the question of what is standing in the way of dynamic, prideful, complete success in selling.

This is the 21st semester under the direction of John B. Rathmell, sales manager, psychologist and professional educator.

2000 graduates attest to its efficacy: "P. O. S. training is pure economy, because it does the job required of it. Graduates stand up under man-killing conditions of competition, adversity and what is even more damaging — success."

SHOW THIS TO YOUR HUSBAND!

Tell him it's you without an electric clothes dryer — tenderly protecting your nice clean (and still wet) wash because you got no cooperation from the weatherman.

Tell him the cure: a shiny new electric dryer. It saves you the lifting and bending and dependence on the weather. It saves clothes — they dry fluffier, cleaner and fresher smelling. They last longer, too.

Tell him it has to be an electric dryer, of course. Because it's so safe. Because you simply plug it in. And because it costs less to buy! (Electricity is your biggest bargain in modern living.)
