

### Scholarship Examination Set Saturday

Saturday, Feb. 16, at 12:30 p.m., Marymount Palos Verdes will conduct their annual scholarship examinations, for eighth grade students of public, private, and parochial schools, school officials announced today.

The Marymount scholarship awards vary in value from \$400 to \$1200 depending on the examination ranking of competing students. They entitle winning students to college preparatory training and extend over the full four years of high school provided the winners maintain satisfactory standing.

Eighth grade students who have successfully completed the standard school courses are eligible to compete, Marymount officials declared. Each candidate must have the approval of the principal of her school, and parents who wish to send their daughters to Marymount are urged to contact their daughter's present principal as soon as possible. Parents may instead apply directly to the committee on scholarships at Marymount Palos Verdes or phone the principal at FRontier 7-1717.

COMPETITION PLEDGED... Mrs. Clara Conner (right), chairman of the Torrance Branch of the American Red Cross, promises real competition this year for the Jorgenson Trophy. Accepting her challenge here are (left to right) Mrs. Ina Alford, San Pedro chairman; Mrs. Arlene Knapp, Gardena, and Jack Cunningham, harbor regional chairman.

### Leaders Map Plans for Red Cross Drive

"Plans for the 1957 American Red Cross fund campaign are moving along strictly on schedule," said Mrs. Clara Conner, Torrance postmaster and this year's volunteer area chairman for the annual Red Cross drive.

Helping her in what promises to be a most efficient organization will be M. C. Farrell, manager of Public Finance Corp., who will be chairman of the small business committee; and Scott F. Albright, superintendent of industrial

relations for the National Supply Co., who will head the committee for commerce and industry.

Mrs. Virginia Stoddard will be chairman and Mrs. Millie West co-chairman of the residential committee which will organize the women volunteers to make the door-to-door solicitation which they hope will afford every resident of Torrance the opportunity of contributing to the American Red Cross.

"Torrance should make an outstanding record in the fund campaign this year," said Mrs. Conner this week as pointed out the increased interest in local Red Cross work due to the blood program which contributed almost 2200 pints of blood free to patients in the

two Torrance hospitals.

"Not only is the civilian Red Cross blood program of importance to every family in a time of emergency, but the recent accident in Pacoima sharply pointed out its necessity in a time of community disaster. On the job—when it counts—is the 1957 campaign slogan," added Mrs. Conner, "and it is never more true than when applied to the volunteer workers who make the contacts which enable us to put over this annual fund drive. These men and women are truly like their Red Cross—on the job—when it counts."

SUGAR OUTPUT  
Hawaii produces more than one million tons of cane sugar each average year.
