Over **50%** more clothes capacity!

THAN MANY OTHER WASHERS

### 1956 G-E has king-size Washbasket

—big enough to hold seventeen gallons of water to get the dirt out of a full, nine-pound, big-family load.

You can't get clothes really clean unless you use enough water—and you actually save water when you are able to wash fewer full-capacity loads.

Model WA-550N

**AUTOMATIC WASHER**

### G-E WATER SAVER CONTROL

—is perfect for the small "in-between" loads. You pick the water level anywhere from 17 gallons down to 11 gallons.

- Gets the dirt out—with famed G-E Activator® Washing Action.
- Keeps dirt out—with "float-away" rinse and overflow drain.
- Completely automatic—flexible control for new "miracle" fabrics.
- Clothes washed individually—never tangled or matted.
- Smooth-surfaced Activator—cannot snag delicate fabrics.
- Finest spin-drying—rinse water never strains back through clothes.

### G-E Complete Home Laundry

The G-E Automatic Washer and Clothes Dryer go together as a matching pair—to give you carefree, automatic washing and drying. The dryer plugs in on 110V—simply like a toaster. No special installation is required. Extra-attractive terms when you buy both!
