

# Co-ed on Catalina Excursion Misses a Step, Falls in Sea

By EM FRENCH  
FR 5-1390

Mrs. Earl Phillips has returned from Friday Harbor, Wash., where she was the installing marshal for her sister, Mrs. Albert Fagerholm, who was installed as Worthy Matron of San Juan Chapter 124, Eastern Star.

The entire senior class of Torrance High School water taxied to Catalina Friday. Fine weather, calm sea—everything was in their favor. Of course, there's always the exception—this time a slight mishap, or I should say misstep, and Helen Roberts was over her head and over her heels. Mrs. Sime left Monday for Kansas, then she is going on to British Columbia, England, Scotland then across Europe and down to Egypt. She will travel about a year, realizing a lifetime dream to see the world.

The mothers of the 23 boys and 31 girls who are to be graduated from Riviera Elementary School met at the schoolhouse Monday to plan a party to be held after the graduation exercises, June 14. This is also the date of the high school graduation.

tion, Newton graduates will receive their diplomas June 13. Sherryl Freeman believes in reciprocity. Last year when she and her husband, Rod, took a trip to Honolulu, her neighbors bestowed upon them the usual gifts and good wishes for a bon voyage. Not to be outdone, Sherryl had miniature gifts for Bess and Bill Petersen and Virginia and Bernie Beard when they took their "ocean voyage" last week end—destination, Catalina.

Last week Bess Petersen had as a guest her cousin, Mrs. Ann Sime, who is from New Zealand. Mrs. Sime left Monday for Kansas, then she is going on to British Columbia, England, Scotland then across Europe and down to Egypt. She will travel about a year, realizing a lifetime dream to see the world.

If there's an auto accident on Via Pasqual, it'll probably be because the driver is looking at the building going on at 333. The Freemans are adding to their house, and everyone passing day by day seems to be checking the progress. They're adding a lovely large den, complete with fireplace and bar, enlarging their kitchen and service area, and adding a bath. The Freeman children, Dirk,

Brett, and Reed, are 7, 3, and 2, respectively, so the bathroom shower and was'bow! are being placed child-high.

I realize this column is Riviera news, not Pasqual news, but because I live on Pasqual, I naturally know what's going on. I'd like to be just as partial to your street, just let me know what you're doing. We're rather proud of the nice people on our street, but our heads hang in disgrace over the condition of our "triangle." With all of the other Riviera triangles pretty and green and well-tended, ours is covered with some kind of an experimental grass which could pass for weeds any time.

Mrs. Joe Hornbeck was hostess to a table at the Hollywood Roosevelt at the International Churches of Religious Science annual convention last week. She had dinner at the home of Gracie Granger, formerly of Calle Madrid, and then attended the new Hollywood Church of Religious Science in the evening.
