

Co-ed on Catalina Excursion Misses a Step, Falls in Sea

By EM FRENCH
FR 5-1390

Mrs. Earl Philippines has returned from Friday Harbor, Wash., where she was the installing marshal for her sister, Mrs. Albert Fagerholm, who was installed as Worthy Matron of San Juan Chapter 124, Eastern Star.

The entire senior class of Torrance High School water-taxed to Catalina Friday. Fine weather, calm sea—everything was in their favor. Of course, there's always the exception—this time a slight mishap, or I should say misstep, and Helen Roberts was to cover her head and over her shoes, socks, Bermuda, and water, too. With 228 seniors laughing their heads off, there was nothing for Helen to do but laugh, too, so she did—after she was fished out, that is. While on Catalina Island, she changed her bathing suit while her clothes were being washed and ironed at a laundromat and made it safely back home along with the others.

The mothers of the 23 boys and 31 girls who are to be graduated from Riviera Elementary School met at the schoolhouse Monday to plan a party to be held after the graduation exercises, June 14. This is also the date of the high school graduation.

tion. Newton graduates will receive their diplomas June 13.

Sherryl Freeman believes in reciprocity. Last year when she and her husband, Rod, took a trip to Honolulu, her neighbors bestowed upon them the usual gifts and good wishes for a bon voyage. Not to be outdone, Sherryl had miniature gifts for Bess and Bill Petersen and Virginia and Bernie Beasid when they took their "ocean voyage" last week end—destination, Catalina.

Last week Bess Petersen had as a guest her cousin, Mrs. Ann Sims, who is from New Zealand. Mrs. Sims left Monday for Kansas, then she is going on to British Columbia, England, Scotland then across Europe and down to Egypt. She will travel about a year, realizing a lifetime dream to see the world.

If there's an auto accident on Via Pasaqual, it'll probably be because the driver is looking at the building going on at 333. The Freemans are adding to their house, and everyone passing day by day seems to be checking the progress. They're adding a lovely large den, complete with fireplace and bar, enlarging their kitchen and service area, and adding a bath. The Freeman children, Dirk,

Brett, and Reed, are 7, 3, and 2, respectively, so the bathroom shower and washbowl are being placed child-high.

I realize this column is Riviera news, not Pasqual news, but because I live on Pasqual, I naturally know what's going on. I'd like to be just as partial to your street, just let me know what you're doing. We're rather proud of the nice people on our street, but our heads hang in disgrace over the condition of our "triangle." With all of the other Riviera triangles pretty and green and well-tended, ours is covered with some kind of an experimental grass which could pass for weeds any time.

Mrs. Joe Hornbeck was hostess to a table at the Hollywood Roosevelt at the International Churches of Religious Science annual convention last week. She had dinner at the home of Gracie Granger, formerly of Calle Madrid, and then attended the new Hollywood Church of Religious Science in the evening.

Girl Scout Troop 233 which is made up of sixth grade girls, had a barbecue at the Colemans Friday night.
