

Firemen Called, But Boy Gets Off Roof

Torrance firemen were called out Sunday to rescue a 14-year-old who was stranded atop the roof of his house while he was installing a TV antenna.

By the time firemen got to the scene, however, Jerry Bus-

kovick, 4079 Bluff St., had managed to get down from the housetop.

INSTALLMENT PLAN OKAY FOR CHEST'S 'BIG YES'

When you answer with "A Bigger Yes to Community Chest" during the current campaign to raise \$10,000,000 in the Los Angeles area to aid the 168 participating Red Feather agencies, did you know that you can give to the Community Chest on the installment plan?

According to Arthur O. Otsea, Harbor campaign chairman, the current Chest campaign combines 168 health, welfare and service agencies into one package, agencies which are preventive measures to combat disease, illness, child neglect, family problems and juvenile delinquency.

Emergencies Met

The American people, when called upon to meet a critical situation, "put their shoulders

to the wheel" in an all-out campaign to meet the emergency.

For those who cannot give "A Bigger Yes" in one lump sum may spread their gift throughout the year through a payroll deduction plan at the individual plant or firm, or pledge may be paid voluntarily at stated intervals throughout the year. If the giver prefers, the Community Chest will bill the donor monthly or quarterly.

Support Asked

Residents in the harbor area are being asked for a total of \$85,786 to support the Chest's Red Feather agencies, Otsea said.

Continuing, Otsea said, "When you give to the Community Chest your gift is safe-

Burglar Takes Vacuum Cleaner, Other Goods

A burglar who must have been setting up housekeeping took \$73 worth of goods from his home, George R. Briggs, 18512 Burin St., told sheriff's deputies Saturday.

Briggs said the burglars apparently came through a window and took a vacuum cleaner, lamp, ash tray, three gallons of paint, assorted dishes, and a pair of cuff links.

Papers, \$40 Stolen From Doctor's Office

Some papers and \$40 were taken from a cabinet in his office, Dr. John A. Chapman, 25626 Narbonne Ave., Lomita, told sheriff's deputies Tuesday.

The burglar apparently had broken into the office through a window in the furnace room, guarded, because every penny goes through safe and thrifty hands to worthy services, carefully investigated and audited."

Gifts are allocated to help people to help themselves for Chest campaign costs are 9 1/4 per cent of the amount collected, the lowest expense figure of any comparable appeal, according to the Los Angeles Department of Social Service.

A DOUBLE ANNIVERSARY . . . Officials of U.S. Steel's Columbia-Geneva Steel Division here congratulate Albert Sarukian on his long period of service. Sarukian is the only employe who was present at the first pouring of steel here 40 years ago. Left to right are Carl Warner, superintendent of engineering and maintenance; Sarukian, and Harlow P. Tolson, assistant general superintendent.

Your Community Leaders Say-

"...OIL FOR OUR CHILDREN"

"YES on 4" WILL INSURE IT!

Conservation—through Proposition 4—means more oil for today and more oil for tomorrow—oil for our children!

It is a shocking fact that under present wasteful production methods only 25% of the oil in a pool is being recovered!

Independent geologists say YES on 4 will double California's recoverable oil. Proposition 4 will make possible unit operation of oil pools—repressuring depleted pools by gas and water injection—thus recovering twice as much oil.

Oil for you, oil for your children, oil for future generations—depends upon your YES vote on Proposition 4.

Olympic Fund Drive Nears \$1000 Quota

Torrance came \$100 closer to raising its \$1000 quota for the transportation of County Lifeguard teams to Australia for the Olympics this week with a donation of that amount by District Council of Painters No. 36, according to Mayor Albert Isen.

Making the presentation during a luncheon which followed a tour of the civic center was O. T. "Bud" Satre, executive secretary of the union.

Satre was in the group of prominent Southland union officials which visited the city and Supervisor Burton W. Chace has notified city officials of the area that the County would make up any

Chamber Manager Dick Fitzgerald, Councilman Victor E. Benstead Jr., and City Attorney Stan Remelmeier.

Drive Near Top

The \$100 contribution by the Painters put the drive to sell 1000 tickets for \$1 each near the top, according to Recreation Director Harry Van Bellehem.

The donations to the fund will make transportation available for part of the County team to Australia. A total of \$10,000 is being subscribed throughout the South Bay area and Supervisor Burton W. Chace has notified city officials of the area that the County would make up any

funds needed to complete the trip.

To See Team

Torrance area residents will be able to see the Olympic water polo team and the County Lifeguards in action here next Sunday evening at the municipal plunge, Torrance Blvd. and Madrona. The \$1 donation will entitle the giver to admittance to see the two groups in a water polo game, and to see a lifesaving demonstration. The program will start at 7 p.m.
