# Sewer Line Installation Scheduled

Hollywood Riverians expecting to hook onto the District 2 sewer line have been cautioned about disreputable contractors.

The warning came last week at the Hollywood Riviera Homeowners Assn. meeting.

John Watt cautioned residents concerning persons who might solicit for individual hook-ups. He said he would furnish a list of reputable contractors to property owners on request.

Actual construction in District 2 is expected to start this week, following the awarding of bids by the City of Torrance.

Watt stated the completion time of installation in the lower area is expected to be from six to eight months. The line will be brought in front of each home and it will be the possibility of owners to hook up to the main line, Watt said.

Meanwhile, residents in District 3 signed petitions last week and the city will start preliminary paper work.
