

# WATER CARNIVAL SLATED AUG. 17 AT CITY PLUNGE

The Torrance Recreation Department is presenting a Water Carnival to be held Saturday, Aug. 17 at the Municipal Plunge, 3331 Torrance Blvd. The event is scheduled from 9:30 a.m. to 12 noon.

Contestants and participants in the water carnival are selected from all of the parks and playgrounds participating in the summer vacation program.

General rules for contestants are as follows:

1. Each contestant is limited to three events.
2. Ribbons will be given to individual places in the event.
3. The area scoring the most points will receive an award.

The events are selected on an age basis and are as follows:

Those who are 7 and 8 years of age will compete in a balloon game, running relay and paddle kick race; those 9 and 10 years of age will compete in a tube game, goat ball and an event not as yet announced; 11 and 12 years old will participate in a tube game, goat ball and treasure hunt (diving); the 13 and 14 year olds will compete in a swim race (50 yards), treasure hunt and towel relay.

The prizes will include a trophy for the winning area, plaques for individual winners and ribbons for runner-ups.

All of those who are interested in entering may sign up at your local park or playground.

## Final Talk In Workshop Series Given

Mental health and mental hygiene was the theme of "Building Your Child's Future," a lecture by Dorothy L. Law, consultant in family life education, Wednesday evening at the Workshop of Creative Living, Inc., at its Waterline building, 24242 Hawthorne Ave.

This is a community service offered by the Workshop, which plans to make such a lecture series an annual event. This was the last of a series of six lectures, whose title was "Families Can Be Fun." The Workshop has been well pleased with the reception of the series and the large attendance, according to Mrs. Law.

Literature describing the classes, lectures and other activities of the Workshop's autumn program is available now, and may be obtained by calling the Workshop.

## Dunworth Member of Education Fraternity

John Dunworth, 2460 Torrance Blvd., Casimir School principal, was initiated into Phi Delta Kappa, national education fraternity, in recent ceremonies at the University of Southern California.

He is currently working on his Doctor of Education degree at SC.

Phi Delta Kappa, founded in 1906, is the oldest and largest professional fraternity for men in education.

## Complexion care for apples

Bigger and better fruit is yours...with good looks that are more than skin deep

Apples, peaches, and cherries all taste best when they look best. But even before the first bud appears, fruits are constantly exposed to attack from plant diseases that can stunt growth and leave ugly blemishes on the surface.

This battle is now being won with a remarkable liquid chemical spray called CRAG Glyodin. By preventing fungus growth, it improves the overall health of the trees and stimulates the natural glowing color of the fruit.

Farmers—and home gardeners, too—use other agricultural chemicals from Union Carbide. For example, weed killers which cut down hand weeding on the farm and around the home... and a repellent which helps increase milk and beef production by keeping livestock free from flies.

The people of Union Carbide will continue their research to develop more of the products that help bring better foods to your table.

FREE: Learn how research at Union Carbide helps improve many of the products you use every day. Write for the 1957 edition of "Products and Processes" booklet D. Union Carbide Corporation, 30 East 52nd St., New York 17, N. Y. In Canada, Union Carbide Canada Limited, Toronto.

UCC's Trade-marked Products include:
