

# Ex-FBI Agents To Speak at For America Meeting

Marian and Paul Miller of Los Angeles, former undercover agents for the FBI in the Communist party, will be guest speakers at the meeting of Los Angeles County Unit 1 of For America tonight at 8 p.m. in the Knights of Columbus Hall, 221 Ave. I, Redondo Beach.

The group also will hold a short business meeting and appoint a nominating committee to choose officers for 1958. A report from the state convention in Fresno will be presented and refreshments will be served.

### Family Persecuted

The Miller family was the target of persecution in their neighborhood after Mrs. Miller testified before the Subversive Activities Control Board in Los Angeles in 1955 concerning her activities while performing her duties for the FBI within the Communist network.

She was secretary of the Los Angeles Committee For Protection of the Foreign Born, an organization cited as subversive by the Attorney General. When asked if she performed this function she replied, "Oh, yes, very accurately and I always kept a copy for the FBI."

### Story Printed

Her husband was disturbed about the treatment they received from their neighbors, so he took his story to a Los Angeles paper. When all the facts were given to their neighbors, who had been innocently engaging in the Community Party attack against the Millers, they all apologized and the Millers appeared on the famous Ralph Edwards show "This Is Your Life."

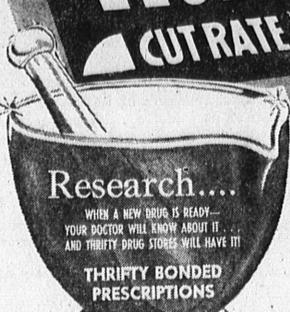

At the time of the persecution Mrs. Miller said of the situation, "We cannot blame them (the neighbors), and we are not bitter. They are honest, loyal Americans, but they just don't know — and because they don't know they can't understand the danger of the Communist Party."

### SNOW MEASUREMENTS

The United States weather bureau measures snowfall in a standard rain gauge 8 inches diameter and 2 1/2 feet in height. The snow is leveled to a uniform depth to establish the fall.
