STEEL SUPPLIERS

South Dakota and Wyoming produce 60 per cent of the U. S. supply of bentonite, a clay used principally as a bonding material in the molding sand of the steel foundry industry.

Elks Plan Zany Comedy Revue As Benefit Later This Month

A zany comedy revue is scheduled for a three-night

stand in the Torrance High School Auditorium on Thursday, Friday, and Saturday, Feb. 26, 27, and 28. It was announced here yesterday by officials of the sponsoring Torrance Elks Lodge.

Produced under the title, "Elks-a-Poppin," the two hour show is scheduled to feature men and women of the Elks lodge, not necessarily in those roles, plus an array of local talent headlined by Mickey Turner, 18-year-old accordion virtuoso who has won wide acclaim for his mastery of the instrument in shows throughout the west under the auspices of the USO.

THE PROGRAM will include skits, masquerades, the Elks version of the Can-Can, a "Roaring 20s" scene, complete with a demonstration of the Charleston as it should be danced, plus (what could be

the high point of the evening), the Swan Lake Ballet, featuring the most agile men of the local lodge.

Proceeds of the event will be used for the Elks charities, including the cerebral palsy fund which is a major project with the organization, and the Christmas charity baskets of the lodge.

TICKETS ARE being sold by members of the lodge for \$1.50, with the understanding that children under 12 will be admitted free.

"We want to make these shows a real family night affair," show chairman Walt Mishler said yesterday. Tickets also may be purchased at the door on the nights of the performance, Mishler said.

MANY COUNTIES

Texas has 254 counties, more than in any other state.
