BEST BUYS FOR THE WEEK

In Torrance Markets

ON THE PRODUCE STANDS
ARTICHOKE production should pick up and be in volume starting this week . . . or next.

ASPARAGUS, that luscious reminder of spring, becoming more plentiful . . . enough so that carlot shipments can get under way.

CABBAGE abundant for mild, sweet salads or tender, green cooked vegetable.

CARROTS from warm desert fields are filling the stands. You may choose from green-topped, topped carrots, or packaged.

CAULIFLOWER supplies are currently light, but more to come within a few weeks.

CELERY has loved the rains. Lots and lots of the crisp, appetizing vegetable. Good cooked or raw.

LETTUCE coming from some of the finest producing sections of the country. A real salad treat.

STRAWBERRIES appearing in some of our southern California fields . . . but don't expect many for a few weeks.

RHUBARB. Both field-grown and hothouse varieties plentiful.

APPLES. Watch market "specials" for "buys" on quality fruit . . . particularly Delicious and Pippins.

AVOCADOS. Popular Fuertes abundant. Many ways to serve them . . . even in main dishes.

CITRUS FRUITS. Lemons, oranges, grapefruit. Juicy, sweet-tart grapefruit from Coachella Valley and Arizona. Ample supply of lemons . . . but most interesting to note is the report about oranges. Suddenly the industry finds itself with one of the best navel orange crops in history . . . both quality and size. See market ads for prices.

PROTEIN FOODS
POULTRY. Retail fryer prices show one reason why per-capita consumption has more than doubled in the past eight years. More "specials" anticipated . . . so its no longer "chicken on Sunday," we can have chicken on Monday. Turkeys (whole and parts) abundant. A treat.

MEAT departments offer plenty variety. Beef, lamb and pork . . . all cuts. Veal only meat not in heavy supply.

FISH AND SHELLFISH. Both commercial and sports fishermen report heavy catches of sea bass. Also expect more Dungeness crabs soon. They have eight good-sized meaty claws, plenty of body meat, and weigh from 1 1/2 to 3 1/2 pounds. Pacific oysters are in . . . even some of the tiny Olympias. This is the first sign of recovery of a species which was on the brink of extinction.

EGGS. The number-one protein "buy."

Luncheon Monday

Gourmet group of Temple Menorah Sisterhood will cater a luncheon meeting on March 9. Reservations are being taken by Mrs. Henri Front and Mrs. Robert Eckhouse.

The program will feature four foreign exchange students from Mira Gosta and Redondo High who will hold a panel discussion on their experiences here.

St. Patrick Dance Slated Saturday Evening March 14

Shamrocks, canes and top hats will decorate the St. Philomena parish hall on Saturday evening, March 14, when the Men and Women Councils entertain at a St. Patrick dance.

Tickets will be available at the door of the hall, located at 21900 South Main St., Torrance.

Serving on the decorating committee are Mmes. Helen Long, Jane Snee, Kay Clemens, Celia Ferrar and Gloria Turner.

Ways and Means chairmen are Mrs. Lilly Magana and Mrs. Tillie Logan. Mrs. Jay Carroll is handling the publicity.

Dinner Party
