### Driver Will Try For Sport Title

Versatile Parnelli Jones of Torrance, already point-standing leader in three different branches of auto racing, will next try for a fourth division at Ascot Stadium. The former Torrance high school student will vie with top sprint car drivers at El Centro Saturday

and Sunday and then return to the Ascot oval the following weekend.

The local leadfoot has been driving in competition for six years and graduated from the mechanic's end of the business when he felt he could do better at the wheel. He is employed in the service department of Vel's Ford Agency when not garnering track points.

Jones, tops in CRA sprints, URA midgets and NASCAR late-model stock cars, pilots a 1957 Ford Thunderbird-powered machine. Sportsman cars are a sort of cross between sprint cars and hot rods, using late-model engines in a sleek chassis atop which perches a coupe driver's compartment.

**LEADFOOT . . .** Parnelli Jones, local race driver and point leader in CRA sprints, URA midgets and late-model stock car competition, has entered a Thunderbird-powered Ford in the Sportsman car field. Jones drives at Ascot and other Southland ovals. (Herald Photo)
