

# Narcotics Addiction Attacked By New Nalline Injection

By CHARLES EDWARD CHAPEL  
46th District Assemblyman

In 1956, the city of Oakland started using a drug called nalline in detecting and preventing narcotic addiction. Now the city of San Francisco is using it and there is an increasing demand that the California State Legislature make the use of this drug by law-enforcement agencies compulsory. Obviously, the people making money from the narcotics traffic and also those innocent people who are afraid of medical treatment of any kind are against a program of this type.

Nalline is a drug which is injected by a physician. It causes changes in the size of the pupil of the eye in such a manner that the physician can determine in about one-half hour whether the subject has been using morphine or heroin constantly, occasionally or never.

IN OAKLAND, where the drug has been used 5,000 times without any adverse consequences, the chief of police, W. W. Vernon, reports that although narcotic addiction is primarily a medical problem, very few drug addicts voluntarily seek medical help. Such people are caught, convicted as narcotic addicts, and then given care in an institution, followed by careful guidance while they are on probation.

Until he is apprehended, the narcotic addict with an average "habit" needs from \$20 to \$30 per day to avoid the withdrawal pains which he suffers if he cuts down on his dope consumption. One way he can get this money is to become a dope peddler. Another way is to turn to crime. Male addicts commonly resort to burglary and robbery. Female addicts become prostitutes, and may peddle narcotics on the side to their customers.

IF THE ADDICT does not commit robbery or burglary for cash, but prefers to steal merchandise, on an average he must steal at least \$100 worth of goods to come out with \$20 for himself. The mark-up on many items generally stolen by thieves is at least 100%; that is, the retail merchant charges twice as much as he pays the wholesaler or jobber. Thus a watch retailing for \$100 often costs the retailer only \$50. If the thief steals this watch from a home and sells it or pawn it, he is lucky to get \$20 for it, and often less. Therefore, to keep up his dope habit, he must steal goods worth between \$100 and \$200 daily.

It has been estimated by experts in San Francisco and Oakland that each one hundred narcotic addicts take from the community at least \$3,600,000 each year by robbery, burglary or theft, which means that a single dope fiend will take \$36,000 per year from honest people. This does not include money obtained by prostitution, writing bad checks, etc.

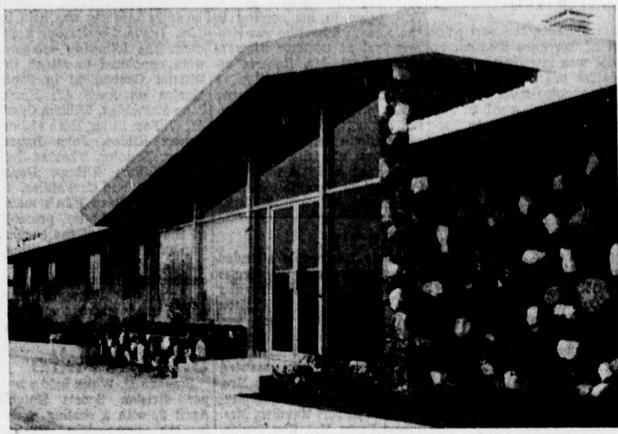

THE OAKLAND Police Dept. has recently published a report showing the totals of crimes for 1955, the last full year before nalline was used in Oakland, and for 1958, after the nalline procedure had been used two and one-half years. Here is the table:

OFFENSE	1955	1958	Change in %
Robbery	731	577	minus 21%
Burglary	3,094	2,594	minus 13%
Prostitution	268	201	minus 25%

NARCOTIC addicts on parole or probation have been given the nalline test by the Oakland Police Dept. with the results shown in the table below which indicates a steady drop in the number of addicts found to be "positive" by the nalline test, and hence narcotic users:

Year	No. of Tests	Per cent Positive	Per cent Negative	Test Refusals
1956	752	27%	71%	2%
1957	1,725	13%	86%	1%
1958	2,450	9%	91%	1/2%

CITY AND COUNTY officials can write to the Oakland Police Dept. and verify these figures, as well as obtaining much more detailed information about the nalline test. I like to think that local agencies of government can do things on their own without waiting for the state legislature to pass a law; but if enough people believe that this is a worthy subject for a statewide compulsory law, then I am willing to introduce it.

**SANTARIUM OPENS . . .** Opening today at 3750 Garnet St. (near Hawthorne Blvd. at 266th St.) is the Bay Crest Sanitarium and Convalescent Hospital, pictured above. Containing private and semi-private rooms, a recreation room, solarium, and occupational therapy department, the rest home has accommodations for 54 patients. The stainless steel kitchen will be under the management of a cook-dietician; and trained nurses will be on duty at all hours.

**SILKWORMS SAVED . . .** Members of Mrs. Fern Dooley's third grade class at Crenshaw School are happy this week and so are a bunch of hungry silkworms that the class is raising. A Herald article recently told about the class' plea for mulberry leaves to feed the silkworm eggs. As a result, Mrs. Dooley received many offers of leaves. Here, Hulan Batchelor and Vickie Alexander offer one of the newly acquired mulberry leaves to the tiny silkworms.

## Future of South Hi Track Teams Bright

While Santa Monica and Mira Costa were battling it out for the Green-Badenoch perpetual trophy, symbolic of over-all victory in the annual running of the Ingewood Relays, the South High Spartans surprised everyone by finishing in a dead heat with powerful Morningside High with nine points each. The Spartans failed to gain a single point in the Varsity division but picked up 15 1/2 in the Bee doings and 14 in the Cee events.

Torrance High placed eighth in the perpetual trophy standings with North High one mark behind in ninth. The two schools gained four and 2 1/2 points respectively.

Torrance scored a second place in the two-mile relay for four points in the Varsity division and then picked up 14 in the Bee relay events. North High failed to get any points in the Varsity section but set a new relay record for the Bee high jump of 17 feet while claiming 13 points in that division.

The Saxons also got a point in the Cee entry. Santa Monica, having retired two Green-Badenoch trophies by virtue of the victories scored in the 1952-53-54 and the 1956-57-58 relays, has started on a third. The Vikings continue to dominate the local track scene.

## Won by A9 Class

The A9 class of Stephen M. White Junior High School defeated the All-Star team from lower grades in a track meet held Friday, April 10, on the field at Stephen M. White. The final score was 75 A9's, 34 All Stars. Due to a wind condition no records were set.

## Channel 'Cats'

Puddingstone Reservoir and lower Legg Lake, both in Los Angeles County, were restocked with young channel catfish this week, reports the Department of Fish and Game.

## Garden Checklist

By California Association of Nurserymen

1. Gladiolus bulbs are still available and should be planted now and some a few weeks apart for a succession of bloom through the summer and into fall.
2. Dahlias are at the top of April planting lists. Like glads, these can be set out over a period of several weeks to get a longer run of blooms.
3. That Easter Lily which has been sitting in its pot neglected since it went out of bloom can be planted out in the garden. Choose a well drained spot and work some peat moss into the ground before planting.
4. Primroses that are overcrowded can be divided when they've gone out of bloom. If you're in doubt about it, figure that a plant left for three years should be ready to divide.
5. Fuchsias are available in nurseries now. The sooner you get them started the bigger your show of fuchsias in bloom this summer.

### Public Notice

and properly disposed of. SECTION 2. Any provision of the Torrance City Code, or appendices thereto, inconsistent herewith to the extent of such inconsistency and no further, are hereby repealed. SECTION 3. Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not exceeding Five Hundred Dollars (\$500.00), or six (6) months in the County Jail of Los Angeles County, or both such fine and imprisonment, in the discretion of the court. This Ordinance shall take effect thirty days after the date of its adoption and prior to the expiration of fifteen days from the passage thereof shall be published at least once in the Torrance Herald, a semi-weekly newspaper of general circulation published and circulated in the City of Torrance. Introduced and approved this 7th day of April, 1959. Adopted and passed this 14th day of April, 1959. Mayor of the City of Torrance

Brooks, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written. Esther I. Brumley (SEAL), Notary Public in and for said County and State, My Commission Expires May 21, 1961. S-Apr. 19, 26, May 3, 10, 1959.

Torrance Herald 131. ORDINANCE NO. 1084. AN ORDINANCE OF THE CITY OF TORRANCE, CALIFORNIA, AMENDING APPENDIX C OF THE CITY OF TORRANCE PLANNING COMMISSION CASE NO. 566, BY CLASSIFYING THAT CERTAIN REAL PROPERTY DESCRIBED IN PLANNING COMMISSION CASE NO. 566.

WHEREAS, the City Council deems that it is in the public interest that certain changes in land use zoning classification be made in certain real property in the City of Torrance as hereinafter described in Appendix C of the City of Torrance Planning Commission Case No. 566; and WHEREAS, the publication of notice has been given to the owners of property in the vicinity thereof, and no objection has been duly and regularly filed, all as required by the provisions of the Code of the City of Torrance, 1954; and the status of the State of California.

NOW, THEREFORE, the City Council of the City of Torrance does ordain as follows: SECTION 1. That the City Council of the City of Torrance does hereby find and declare that the zoning classification applied for in Planning Commission Case No. 566, as more particularly described in Appendix C of the Code of the City of Torrance, 1954, is necessary for the preservation and enjoyment of the owners of the property in the vicinity thereof; that said zoning classification is not detrimental to the public welfare; and that notice has been given as required by Appendix C of the Code of the City of Torrance, 1954; and the status of the State of California.

Therefore, the City Council of the City of Torrance does hereby find and declare that the zoning classification applied for in Planning Commission Case No. 566, as more particularly described in Appendix C of the Code of the City of Torrance, 1954, is necessary for the preservation and enjoyment of the owners of the property in the vicinity thereof; that said zoning classification is not detrimental to the public welfare; and that notice has been given as required by Appendix C of the Code of the City of Torrance, 1954; and the status of the State of California.

Therefore, the City Council of the City of Torrance does hereby find and declare that the zoning classification applied for in Planning Commission Case No. 566, as more particularly described in Appendix C of the Code of the City of Torrance, 1954, is necessary for the preservation and enjoyment of the owners of the property in the vicinity thereof; that said zoning classification is not detrimental to the public welfare; and that notice has been given as required by Appendix C of the Code of the City of Torrance, 1954; and the status of the State of California.

Therefore, the City Council of the City of Torrance does hereby find and declare that the zoning classification applied for in Planning Commission Case No. 566, as more particularly described in Appendix C of the Code of the City of Torrance, 1954, is necessary for the preservation and enjoyment of the owners of the
