when nothing can be done about it.

On the other hand, one of the greatest acts of charity one female can perform for another is to tell a gal when she has lipstick on her teeth. This she can remedy at once.

Dear Ann: Most of the kids in our graduating class are going to an all-night swimming party the night of commencement. It will be held at a well-known place. There will be no chaperones.

I've always been a good girl and have never caused my parents any trouble. I'm heart-sick that they don't have more faith in me. Some kids in our class drink a little, but I don't and I have no desire to try it.

Please say something in your column so my folks will let me go. I need your help. Thanks.—WATER BABY.

Dear Water Baby: You came to the wrong place for help, honey. I'm not about to encourage parents of a high school girl to allow her to attend an all-night unchaperoned swimming party where some of the kids drink "a little."

This party may be perfectly O.K. but it has all the ingredients of dynamite and my advice to you is to skip it.

To learn the knack of feeling comfortable with the opposite sex, send for ANN LANDERS' booklet, "How to Be Date Bait," enclosing with your request 20 cents in coin and a large, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of the TORRANCE HERALD, enclosing a stamped, self-addressed envelope. (Copyright 1959, Field Enterprises, Inc.)

are they switching to
Great Western Savings?

A good question. When so many people transfer their money to one savings and loan association, you have a right to know what's going on there. Are they giving money away, or something? Well, not exactly. But at Great Western, your money *does* earn 4% per year current interest, and your savings are insured up to \$10,000 by a permanent agency of the United States Government. Another thing, interest is paid or compounded quarterly, so your savings really add up in a hurry. You can transfer your account by mail or in person, and funds received by the 10th of any month earn interest from the first of that month. Isn't it time you made the switch to Great Western?
