

MANAGER OF FIRM . . . Miss Celle Sherman is the manager of the new Cinderella, TransFORMATION Plan, business which opened this week at 2912 W. Compton Blvd. She is introducing a new plan to reduce weight along with a complete course in charm, hair styling, and make-up.

Heater Fails To Shut Off; Fire Results

A small fire in a heater closet caused minor damage at the Charles M. Usui residence, 3862 W. 168th St., Tuesday, Torrance firemen reported.

The usius had moved into the house only last week end. The blaze apparently was caused by a faulty switch, which failed to turn off the thermostat.

In other action, firefighters quelled a blaze which completely destroyed an awning in front of Burke's Bargain Spot, 2113 Torrance Blvd., late Sunday. Cause of the fire was undetermined. Store owner is Henry Burk.

Teacher Gets Probation in Necking Case

A Leuzinger high school music teacher received a 180-day suspended sentence and placed on two years probation for "necking" with a 15-year-old girl student.

Judge John Shidler passed sentence on Donald Ray Buck, 29, of 19418 Sturgess Dr., in South Bay Municipal Court, Torrance Branch, Monday.

Originally arrested on suspicion of statutory rape, the booking of Buck was changed to openly outraging public decency, a misdemeanor offense.

Torrance police officers reportedly found Buck and the girl "necking" in a parked car on a dark street after neighbors in the area notified police of a suspicious vehicle.

Obituaries

Verdetta Robison

Tuesday services were held for Verdetta Karlene Robison, one-year-old daughter of Mr. and Mrs. Delbert D. Robison, 635 Seventh St., Hermosa Beach.

The Rev. Charles Little officiated at services in the Halverson-Leavell Chapel. Burial was in Green Hills. The little girl died Thursday in Gardena.

Besides her parents, she is survived by a sister, Karen Sue; and grandparents, Mr. and Mrs. John C. Wood, Torrance, and Mr. and Mrs. Jake Sulton, Wilmington.

Ethel Frances Dunham

Ethel Frances Dunham, 61, resident of this area for 33 years, died Sunday in Torrance Memorial Hospital.

Funeral services were held in Stone and Myers Chapel yesterday, with the Rev. Charles Little officiating. Burial was in Roosevelt Memorial Park.

A native of Wisconsin, she was a member of the Eastern

Star and the American Legion Auxiliary. She lived at 21617 Halldale.

Survivors include her husband, Charles; daughters, Marjorie Coons, 1447 W. 228th St., and Joy M. Cork, North Hollywood; grandchildren, Gary Lee Cork and Elaine Coons; and a sister, Eva M. Black, Bellflower.

George T. Roush

Full military rites for George T. Roush, 44, 23701 S. Western Ave., will be held at 2 p.m. today in the Fort Rosecrans National Cemetery. He died Sunday at his home.

A native of Cleveland, Ohio, he succumbed suddenly and efforts of firemen to revive him proved vain. Halverson-Leavell Mortuary handled arrangements.

Survivors include his widow, Edna; mother, Margaret Roush, Columbus, Ohio; brother, Charles Roush, Jacksonville, Fla.; and sister, Dorothy Roush, Columbus, Ohio.

"Eh? . . . An office building in a jacket you say?..."

YES...YES!
a strong and beautiful **STEEL JACKET!**

Sure enough, right there at 42nd Street and Lexington Avenue in New York City stands the largest metal-clad office building in the world, clad in steel, of course. . . . Pretty tall building, too. More'n 40 stories high. An' it covers a whole city block.

For years and years steel has been getting more and more necessary for more and more things in building construction. Sheet steel, recently, has become almost as important as the steel framework.

Stainless or enameled steel panels sheath buildings on the outside—less weight than masonry, fire and corrosion resistant, lower maintenance cost.

And because they are steel, 100 years from now they will be as bright and attractive as the day they were made.

Thousands of feet of floor space are saved when steel is used for outside walls and office partitioning inside. Building time is cut down by weeks.

In building for the future the entire construction industry depends on . . . **Steel . . . metal of a million uses**

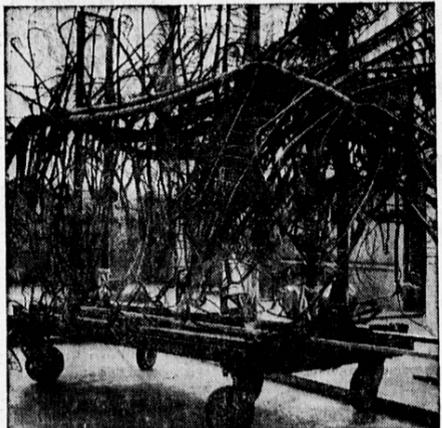

AMERICAN IRON AND STEEL INSTITUTE
150 East Forty-Second Street, New York City

NEW THIS PRESIDENT . . . Elections for student offices were held yesterday at Torrance High School, but there wasn't any doubt about who would be elected student body president, Len Ehlers, 3326 Torrance Blvd., was unopposed for the office. Results of balloting for other offices will be revealed at a school dance tomorrow night.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

What have we here? A dinosaur skeleton? Or a monster from one of those spooky movies the kids seem to like so much? Wrong both ways. These are pre-formed telephone cables. They're for the switching equipment that helps handle your calls. How are these "gentle monsters" born? First, telephone people hammer nails in just the right places. Around this pattern—sort of like a jig-saw puzzle—they run thousands of wires. In the end, the whole thing's ready to fit right into a phone system. By doing wiring jobs like this in advance, we can expand service faster—to meet your growing needs.

One of the nicest things about extension telephones is their convenience—as the lady shown above knows so well. When she's feeding baby, there's no need for her to run to answer the phone. She just reaches out and answers it. You can enjoy the same step-saving convenience with a phone in your bedroom, your den, or wherever you spend a lot of time. With nine decorator colors to choose from, the new phones are a joy to look at, too. On initial installations it costs nothing to install one or more extensions, just \$1.00 a month for each. Call our Torrance Business Office for further information.
