

Cagle Joins Legal Firm

Boris Woolley, attorney at law, has announced that Alfred G. Cagle has joined the firm of Woolley and Woolley, 1308 Sartori Ave., Torrance.

For the past two years Cagle has been affiliated with the firm of Early, Maslach, Foran and Williams, in the Wilshire District of Los Angeles.

Cagle, his wife, Bernadine, and his son, Darrell, have resided at 20015 Saltee Ave., Torrance, for the past three years.

Cagle is an active member of the Torrance Elks' Club.

A Navy veteran of World War II, Cagle lists associations with the Veterans of Foreign Wars and the American Legion.

Cagle's varied personnel background includes considerable experience as an insurance claims adjuster, administrator, and public relations representative.

Satellite Will Be Shown at Science Fair

North High School's second annual Science Fair on April 14 will be much bigger and better than last year's and will feature an earth satellite, among other exhibits.

Some 200 industrial firms have been invited to send exhibits, with 60 already sending in their acceptances, according to Tony Gallo, coordinator of instruction, and Haig Marshall, director of student activities, who are co-chairman of the event.

The program will be held during the day with students viewing the displays and listening to lectures presented by the various firms taking part. In the evening, the public will be invited to the show.

It will be the biggest affair of its kind in this area according to school officials.

In addition to the satellite, displays will include a film showing the intricate workings of the human heart, a space suit and equipment, a solar-powered auto model, scientific inventions of Leonardo da Vinci, and displays set up by industrial concerns throughout the area.

L.A. Schools Plan 180-Day School Year

Los Angeles City School System will be open 180 teaching days during the 1958-59 school year, the City Board of Education declared this week.

Under terms of the calendar—presented to the Board of Education by Superintendent of Schools Ellis A. Jarvis—the System's 538 schools will begin the year on Monday, Sept. 15, 1958, and close on Friday, June 19, 1959.

Also included is a six-week summer session which will begin on Monday, July 7, of this year and end on Friday, Aug. 15. The proposed calendar calls for 87 teaching days in the fall semester and 93 teaching days in the spring semester, for a total of 180 days in the classrooms.

The calendar adopted by the Board of Education differs somewhat from a tentative calendar originally being considered. Under the first calendar presented school would have started on Monday, Sept. 8, and ended on Friday, June 12, 1959.

Because Sept. 9 is a compulsory holiday under State law and view of numerous suggestions from parents and teachers, it was decided to start school one week later. Christmas vacation and other holidays remain unchanged.
