Teachers Will See Local Firms

Dr. Cecil L. Dunn of Southern Counties Gas Co. of California will be the featured speaker at the opening session of Torrance's first city-wide Business-Industry-Education Day Monday.

The meeting will start at

9 a.m. in the Torrance High School Auditorium according to General Chairman Fred Brunner of the sponsoring Torrance Chamber of Commerce.

Some 823 teachers in the Torrance Unified School District will take part in the B-I-E activities, with each scheduled to visit one of the city's industries and businesses during the day. The activities are designed to help teachers better understand the workings of the free enterprise system and to allow an exchange of views between the teachers and businessmen.

Address Slated

Following brief words of welcome from Chamber, city and school officials, Dr. Dunn will deliver an address on the American "free enterprise system" as it relates to education.

Dr. Dunn joined Southern Counties, a national gas distribution utility serving more than 638,000 customers in a 1,200 square mile area in Southern California, in 1952 as financial analyst and was promoted as supervisor of the rate section in 1953. He has held his present post as manager of the rate department since April, 1954. Prior to his gas company career, he was professor of economics and chairman of the economics department of Occidental College in Los Angeles for eight years.

He is a graduate of the University of Southern California and has his Masters' and Doctors' degrees from the Claremont Graduate School.

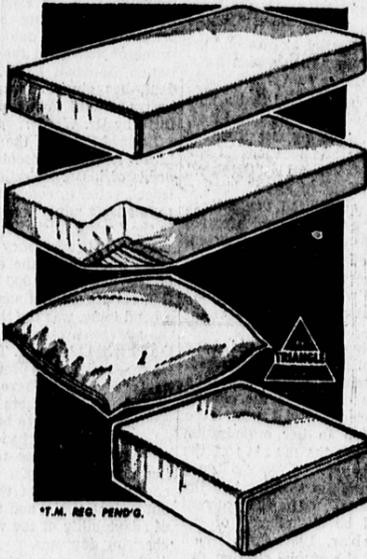

Dunn served as economic consultant to the attorney general of California and the Metropolitan Water District on the Colorado River water litigation between California and Arizona. He is a member of the Pacific Coast Gas Assn. and the American Gas Assn. He is married to the former Elizabeth Balcom and has three children.

At 10 a.m., the teachers will be hosted by 60 Torrance firms for tours, conferences and luncheon.
