

STUDENT AID . . . Manny Borun (left), Thrifty Drug Stores' vice president, presents a check covering three full scholarships to Dr. Alvah G. Hall, Dean of the School of Pharmacy, University of Southern California. The presentation was made last week on the Trojan campus and marks the fourth annual award that the California drug firm has given USC.

Thrifty Drug Stores Present Three Scholarship Funds to SC

Recognizing the continued need for furthering higher education in the pharmacy field, Thrifty Drug Stores' vice president, Manny Borun, presented a check covering three full scholarships to Dr. Alvah G. Hall, Dean of the School of Pharmacy, University of Southern California.

SHOESTRING GROUP WILL SEE MOVIE

"Millions on the Move," full-color motion picture about coordinated metropolitan transportation, will be screened at Tuesday's 7:30 p.m. meeting of Councilman John S. Gibson's Shoestring Advisory Committee at Normandale Playground, according to Herman Eisenbeiss, chairman.

Since deadline for registration for voters at the June 3 primary election is near, a deputy registrar will be at the meeting, Chairman Eisenbeiss said.

Discussion of plans for an installation dinner meeting for new officers of the advisory group, also is scheduled for Tuesday's meeting, Mrs. Harold T. Unander, press chairman, announced.

Reports of activities for the past month and other general business will precede the showing of the film.

Presentation of the awards, which cover the 1958-59 academic year, was made yesterday at the USC campus.

This marks the fourth year that Thrifty Drug Stores has participated in this scholarship program, a long range plan to interest Southland students in following the profession of pharmacy. The selection and administration of these scholarships is under the jurisdiction of Dr. Hall.

2000 Graduated
The USC School of Pharmacy was founded in 1905 and the first graduating class numbered 20 students. Since that time, over 2000 pharmacy students have graduated from the University of Southern California and have carried the pharmacy profession to all parts of the world. Many have practiced pharmacy in the armed forces.

Dr. Hall, in accepting the scholarships, stressed the need for this type of student aid in further pharmacy education. He pointed out that 90 per cent of the prescription items in use today were practically unknown 10 years ago.

360 Enrolled
Currently 360 students are enrolled in the School of Pharmacy with 20 professors and instructors directing the classes. The school is embarked on an aggressive building campaign which will provide expanded, more modern facilities in the near future.
