RE - ELECT

NICK DRALE

Mayor of Torrance

PRE-ELECTION STATEMENT OF NICK DRALE CANDIDATE FOR RE-ELECTION AS MAYOR OF TORRANCE

The office of Mayor is one of the most important in the City of Torrance. Having served as Mayor and as a member of the City Council for 10 years, I well understand the duties and the responsibilities. I say humbly, but proudly, that I have introduced and supported more constructive legislation for Torrance than any other single individual, and, in conjunction with other fine, progressive Councilmen we have enacted much of that legislation into law.

For a decade I have served the people of Torrance as a public servant. I am a man trained in public service by the voters of Torrance. I am a product of their own choosing, understanding their problems and determined to carry out their wishes and needs as sound planning and income dictate.

THE TRUTH OF THE "ALL AMERICAN CITY"

Torrance, the All American City, is the result of conscientious, hard working men of the City Council, who labored for 10 years to shape the kind of government that would match one of the fastest growing communities of the past 10 years. This, together with a fine, determined citizenry, did the job.

In large measure we have provided a government with the forward look. I am more than a little proud to have served longer than any other single man in helping to shape the destinies of Torrance. Ours is a great future, for Torrance is a well-balanced community, combining business, industry and a broad, spreading residential population.

I have said, and demonstrated by my record of public service, that the business of Torrance is a public trust, not one of private enterprise. I have worked hard towards an efficient, effective, thrifty government for Torrance, devoid of personal publicity and personal gain.

LIVE WITHIN BUDGET

I have worked towards, and insisted, that Torrance live within its budget, that aids and services be held to a minimum, that enlightened but economical planning determine the allocation and spending of our tax dollars for specific projects — spelled out in detail — not generalized.

I abhor and bitterly oppose personal efforts of an individual, or individuals, to gain control of our City government. What is best for Torrance is best for all of our people — but not for the political henchmen who use government for their own private gain.

In press and pamphlet I have set forth the things I believe, profess and live by — my personal and political way of life. Let my political opposition do the same. Why has he not done it?

I WILL SERVE FAITHFULLY AND WELL

I ask the fine citizens of Torrance, who will elect a Mayor for the first time by their direct vote, to go to the polls next Tuesday and elect me as their Mayor. I am confident of their support. I will serve them faithfully and well.

To the hundreds of men and women of Torrance, who have volunteered their time and efforts in behalf of my candidacy, I thank them deeply for their generous and thoughtful efforts.

NICK DRALE

LEADERSHIP! INTEGRITY! EFFICIENCY! THRIFT!

Never in our history has Torrance had greater need for LEADERSHIP, INTEGRITY, EFFICIENCY and THRIFT in Government. Never in our history has there been a clearer contrast between the interest of the people of Torrance as a whole and the selfish, personal interest of a limited few . . . RICHARD B. WILSON

While others favor a multi-million dollar bond issue for parks that will increase your taxes, I, as a Torrance taxpayer am against any raise in our taxes which have become a heavy burden on all of us. In fact, ways have to be found to cut tax assessments.

At this time I want to thank all of you who have worked so hard and contributed so much of your time and efforts to my campaign. Thank you one and all.
