

JACK PHILLIPS
... Heads Celebration

Phillips Heads 'Ranchero Days' Planning Group

Jack Phillips has been named general chairman of Torrance's 1958 "Ranchero Days," it was announced this week by President O. R. Trueblood of the sponsoring Chamber of Commerce.

Phillips, co-owner of Paramount Builders Supply, stated that the gigantic event would be held July 23-27. The highlights include a five-day midway with all game booths and food concessions operated by local organizations; a giant parade at 10 a.m. on Saturday, July 26; a two-day rodeo co-sponsored by the Mounted Police and the Torrance Lions' Club; Miss Torrance Contest, and many exhibits and surprises.

The first organizational meeting was held on Tuesday night at which local organizations indicated strong community support for the project.

All proceeds from thrill rides and a percentage of other events are slated for donation to Torrance's entry in the Tournament of Roses Parade on New Year's Day, Phillips said. This arrangement was possible due to the generosity of the Torrance Junior Chamber of Commerce, it was added, who turned the carnival operation to the Chamber as long as proceeds were given to the float project.

Steel Plant Repeats On Safety Win

Another plaque was adorning the walls of the trophy room at the Torrance Works of U. S. Steel's Columbia-Geneva Steel Division today in recognition of having achieved the best steel mill safety record in the Southland in 1957.

For the fifth straight year, the Torrance Works placed first in the steel mill category when winners were announced at the ninth annual business and industry safety award dinner of the Greater Los Angeles Chapter of the National Safety Council.

By achieving the best safety record of any steel mill in Southern California in 1957, the Torrance Works continued its record of having placed first in steel mill safety judging every year since the category was established in 1953.

Don Lassell, general superintendent, accepted the plaque on behalf of employees, along with E. J. Ahlstrom, supervisor of safety.

School Math, Science Eyed At Confab

Initiated at the request of the Board of Supervisors, a full scale conference of educators from all sections of Los Angeles County met yesterday to review the public schools curricula on mathematics and science.

County Supervisor Kenneth Hahn, who last November introduced a motion calling for a well-planned conference to be sponsored by the County Superintendent of Schools, also brought the need for the curriculum study to the personal attention of Dr. E. V. Pullias, a member of the County Board of Education.

School officials, members of boards of education, teachers and administrators of each of 112 public school districts in Los Angeles County, as well as colleges and universities were invited to participate in the conference.

Bigger Program, Future Building Eyed by YMCA Leaders at Meeting

Expansion of the YMCA's program and the future need for a larger YMCA building here among the topics discussed at a week end retreat last Saturday and Sunday in a two-day YMCA conference at Camp Mozumdar.

Represented at the meeting were representatives of the board of managers, adult Y's Men's Club, camp leaders, club leaders, youth members, and parents.

Recommendations Made
Some of the decisions reached included:

1. Even more camping opportunities for Torrance youth of all ages.
2. Continuation of Saturday Adventure Clubs, particularly for youth not now involved in the several YMCA programs.
3. Concentration of effort in organizing and operating many new teen-age YMCA clubs for boys and girls, especially in neighborhoods where recreational facilities are limited. The staff was instructed to spend major portions of their time on this necessary project in the coming year.

4. The group felt that a new and comprehensive building, including a swimming pool, gymnasium, and club rooms is most desirable, but that good clubs and camps can be operated without the great cost of such a building for another year or two.
5. The group felt that the YMCA is not telling its story of service and growth to the community. Efforts will be made to spread the news of our achievements over the past 10 years as a local association. Following the discussion re-

garding the future, the several groups divided to spend the remainder of the week-end in concentrated training for their various responsibilities with the Torrance YMCA.
For entertainment, several of the youth members gave an account of the Torrance YMCA Caravan to Yosemite National Park over the Easter holidays. The 36 boys and leaders who took this trip camped out in more than four feet of snow. They experienced rain, sleet, continuous snowfall, and floods during their exciting trip.
