Three High School Seniors Win Pep Boys' Safety Essay Contest

Three California high school seniors were announced today as winners in Pep Boy's annual "Traffic Safety" essay competition and each was presented a \$50 Savings Bond and a special trophy. One of them will go on to win Pep Boy's 8th Annual four-year Engineering Scholarship.

Receiving the bonds and trophies were William Hiroki Okamura of Theodore Roosevelt High School, Los Angeles; John Floyd Kirk of Birmingham High School, Reseda; and Donald Leigh Hitzl of Fresno High School, Fresno.

Awards Made
Presentations to Okamura and Kirk were made by Murray Rosenfeld, Pep Boys general manager and chairman of the Pep Boys Scholarship Committee, at the company's general offices in Los Angeles. He was assisted by Joseph Kaplan, of the National Safety Council. Hitzl's award was made in Fresno by Robert Litzler, Pep Boys San Joaquin Valley district manager.

The essay contest is held to select the three semi-finalists in competition for Pep Boys' 8th Annual 4-year Engineering Scholarship to a California state college or university of his choice. From among the finalists the scholarship award will be made on the basis of the student's essay, scholastic standing, citizenship, and highest score on an engineering aptitude examination. The scholarship pays for tuition, books and supplies.

Program Lauded
Kaplan, in assisting with the awards, said, "This effort on the part of the Pep Boys organization to interest today's youth in traffic safety is a very commendable one. This annual Scholarship Award Competition is an important step toward making the American people aware of the unnecessary tragedies that take place on our highways and city streets every day."

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

If you're on the go these fine spring weekends, you won't often be far away from a phone. We install phone booths where you're most apt to need them. Last year more than 2500 new ones went up in the Pacific West. You'll find these handy booths in vacation spots and in everyday places, too. By finding out where the demand is greatest, we're able to select the locations that are most convenient for you. Near busy street corners. In hotels, drug stores, gas stations. Wherever you go, your phones away from home make your service even more valuable to you.

Next time you see a group of telephone men at work, take a good look. Bet you'll notice they're all wearing glasses. These are individually-fitted safety glasses. And they're a big help in preventing eye injuries. The glasses are made so they won't shatter even under a heavy blow. The way we look at it, our people are the biggest asset we've got. And your best guarantee of good service. So we're strong for safety around here.

MEMORIAL DAY

The annual May 30th Memorial Day holiday—which falls this year on Friday—means many things to many people.

Originally, Memorial Day, or Decoration Day, was celebrated as "a day set apart for decorating with flowers the graves of soldiers and sailors who fell in the Civil War."

However, three wars and nearly a century later, it has come to mean for many, a time of general remembrance within the family.

Besides its primary purpose, the holiday usually marks the yearly onslaught of summer weather and, with it, a considerable amount of travel to visit families and vacation spots.

With this in mind, we at Pacific Telephone respectfully urge you to drive with care during the three-day weekend.

It also might add to your holiday enjoyment to telephone ahead to make arrangements for your arrival, including reservations if necessary. Pacific Telephone
