Lesson Topic Soundness

"Mind," its infinitude and perfection, is the subject of the Lesson-Sermon on Sunday in all Christian Science churches.

The Golden Text is from Psalms (67:3,4) declares, "Let the people praise thee, O God; let all the people praise thee. O let the nations be glad and sing for joy: for thou shalt judge the people righteously, and govern the nations upon earth."

Among the citations is from Mary Baker Eddy's book, Science and Health with Key to the Scriptures," "the only real senses of man are spiritual, emanating from divine Mind. Thought passes from God to man, but matter cannot [illegible] material body to Mind. The intercommunication is always from God to His idea, man" (p. 284).

[illegible] passed in the body, but its qualities emanate from God, is repeatedly found in passages from the Bible. Paul, an apostle of Jesus, expressed in a few words the gift of wisdom in his second message to Timothy. "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (1:7).

According to Christian Science," Mary Baker Eddy states in a correlative passage from "Science and Health
