DISABLED VET BENEFIT DIFFERENCES EXPLAINED

Veterans Service Officer, Mrs. Sara R. Bridges, whose office is at 1822 Gramercy Ave., noted today that there still remains considerable confusion among veterans about "pension" and "compensation."

The terms are not interchangeable, she emphasized. There are definite differences.

A veteran's PENSION is payable to a veteran of World War I, World War II, or the Korean Conflict who is permanently and totally disabled from a disability which is not connected with his service, and which is not the result of the veteran's willful misconduct or vicious habits.

If the veteran has a total and permanent nonservice-connected disability, and if he is unemployable and meets the service requirements, the Veterans Administration will pay him a monthly pension of $66.15. If he is rated permanently and totally disabled for a continuous period of 10 years, or upon reaching the age of 65, and is unemployable, he will receive a pension of $78.75. Veterans requiring aid and attendance are entitled to an additional pension allowance if they are not being cared for in a VA hospital.

* * *

COMPENSATION is payable by the VA to veterans of either wartime or peacetime service, who suffer from a disability of 10 per cent or more which is connected with their service. Peacetime veterans who served under conditions equal to that of war may be entitled to receive compensation at the wartime rate; the peacetime rate amounts to 80 per cent of the wartime rate.

The rates of compensation range from relatively small amounts to substantial sums, depending on degree of disability, anatomical losses or losses of use, and peacetime or wartime service.

SCIENCE FAIR

The third annual North High School Science Fair will be held next April 20 and 21, under action approved by the Torrance Board of Education.

The NHS Science Fair has grown considerably larger with a number of exhibits from leading science firms and industries. Students' displays and demonstrations also are included in the activities.

Since it was started in 1956,

HERE'S WHAT BEKINS SAFE-T-VAULT STORAGE MEANS TO YOU:

LESS HANDLING! Your goods are carefully packed at your home in big, private Safe-T-Vault boxes and moved to Bekins Storage. Stored articles are handled just this once—not three or more times—and they are handled faster.

MORE PROTECTION! Reduce danger of breakage, scratching, dust or other damage. Because of single handling, expert mark treating, packing, and padding, Safe-T-Vault Service provides much better protection. No danger of lost articles, either.

LESS COST! You save two ways: time charges in and out of storage are greatly reduced by single handling; and storage charges are reduced by compact grouping and uniform stacking made possible with Safe-T-Vault Service. Call Bekins today!
