THIS IS YOUR LAST CHANCE LIBRARY OF LONG PLAYING RECORDS... WORLD'S FINEST MUSIC...

### Library Count Down to Begin Here Tomorrow

A chance for every boy and girl in Torrance to become a space engineer this summer and put a few satellites into orbit has just been announced. News of this outer space program came today from Scot Paxton, librarian of the Torrance branch of the Los Angeles County Library.

Launchings are founded on books and Reading. The project was planned by Mrs. Mary Rogers Smith, coordinator of children's services for the County Library, as a summer activity for vacationing school children.

Count down has been set for tomorrow. Children who want to be part of the adventure are asked to report to the library and sign the space engineer's register. After completing the book the "space engineer" will receive an official launching pad folder.

Launching folders will be kept at the library until the program ends in the fall. At that time they will be awarded to the children in appropriate ceremonies.

Further information is available at the library at 1345 Post Avenue.

Four-Year-Old Now in Orthopaedic Hospital

Reginald Darley, 4, son of Mr. and Mrs. Reginald R. Darley of 24244 Los Codona Ave., has been admitted as a patient at Los Angeles Orthopaedic Hospital.

Torrance is one of the many Southland communities which sends its handicapped children to Orthopaedic Hospital to become straight and strong.
