Governor Jo... Battles Agains... Gas Rate Hike

District Ma-

Governor Edmund G. Brow... the ...ere said this week he "would look ...m-with favor" upon a request by ...rt the State Public Utilities Commission for more funds to help protect the consumer against rising natural gas rates.

The PUC is seeking an additional $85,218 in its 1960-61 budget to hire additional attorneys, engineers and other experts to represent the State in rates cases before the Federal Power Commission.

William M. Bennett, chief counsel for the PUC, said the rate cases, if successful from the State's standpoint, could save California consumers $50 million.

• • •

THE CASES stem from the Federal Power Commission's practice of permitting gas companies to raise rate arbitrarily. Only after the rates are increased does the PFC hold public hearings.

"I've been fighting these natural gas rates ever since they came to my attenion as Attorney General," Governor Brown said.

"We must continue this fight," he added. "We are trying to get the FPC to comply with the law and fix the price of the gas at the well head. They have never done it.

• • •

"THIS IS A prime example of the failure of a federal agency to comply with the mandate of the law," he continued.

Bennett and Everett C. McKeage, PUC president, said California purchases 75 per cent of its natural gas from the El Paso Natural Gas Company, which has imposed several rate increases in recent years without the necessity of a prior public FPC hearing.

"They ask for twice as much as they finally get, and they end up with twice as much as they are entitled to (once public hearings are held)," Governor Brown declared.

"This is a tax on all consumers of California," he said.

Food Giant Stores Note Eighth Year

Food Giant Markets will go all out this week end and next in the celebration of their Eighth Anniversary. Stores are gaily decorated, special sale prices are in effect, and, best of all, the markets are giving away five hundred plump young turkeys to grace five hundred Thanksgiving tables.

Eight years ago this month, Food Giant Number One opened in Lynwood. Since then the chain has grown at an ever-increasing rate until today ther are thirty-one markets, with 17 new ones scheduled for 1960 opening.

Turkeys will be given away in all Food Giant Markets in Los Angeles and Orange County. Customers need only leave their names and addresses at the markets; winners need not be present at the time of the drawings. Winners' names will be posted on store windows on Monday, Nov. 23.

So most big money shows
were crooked as snakes,
And the elaborate precautions were equally fakes.
Though most all were rigged,
Seems nobody twigged
And our national standards sustained severe quakes.
