85 OUT OF 100 NEW HOME OWNERS SAY:

"we chose gas!"

Finest automatic features, dependable free service, and regular savings have made gas cooking the overwhelming choice of modern homemakers. Of the more than 100,000 new homes and apartments built within the last year, 85% of them have installed new gas ranges. They cost less to buy and install—less to operate, too. While the cost of gas has risen 100% since 1947, the average gas rate is up only half that much.
