

FREE Sermon Text For Sunday

The ministry of the great apostle, Peter, in his work of saving and healing through spiritual means alone forms the major part of the Lesson-Sermon on "Spirit" which will be expounded in the various Christian Science churches Sunday.

Among the many passages from The Acts of the Apostles, the account of the healing of the man lame from birth is included. When Peter healed the man through spiritual means alone, the healing was so complete that the Bible thrillingly records, "And he leaping up stood, and walked, and entered with them into the temple, walking, and leaping, and praising God."
