OPERATION LITTLE LEAGUE . . . George Vico (center right) shakes hands with Ben Kazarian as grading of Little League baseball diamonds began Monday at Entradero Sump site. ## Volunteer Little League Backers Transform Entradero Sump Site

Through the efforts of the Entradero Sump, was given to the city by the Dominguez Estates and lies in a ravine West of Entradero between Hallison and Towers Sts.

The Dominguez Water Co. has also agreed to furnish free water to little leagues using the diamonds, Vico said.

After the City gave permission for the use of the land to the Little League program Vico contacted Ben Kazarian Jr., vice president of Cal-Compact Inc., who immediately had two earth-movers and a bulldozer transported to the area. Work began Monday.

While some people in Torrance would deny a Little League of a home baseball diamond, others have opened their hearts to the need of playing fields for the volunteer youth organizations and have not only furnished land, but are also grading it for future use.

### Fishing Good In San Diego

SAN DIEGO—From a variety standpoint, fishing off the Coronado Islands and at the Rock Pile at present is more than living up to expectations and yellowtail prospects are growing brighter day by day.

Thus far, the yellows have shown well in several areas but have not been too eager to take the bait. Warm sunshine the last few days have helped to wake them up some.

Bottom fishing, as usual, is close to perfection and daily takes of large red cod are averaging close to 20 fish limits for all hands.
