

Fall Semester School Bus Routes Announced by District Officials

Torrance school buses, which carried more than one million children over 400,000 miles last year, are ready again this fall to carry school children to and from local schools.

Buses will carry students to high schools if they live more than two miles away. Elementary students are transported if they live more than a mile from school.

Students will be bused to nine elementary and three high schools this fall, the same number as last year.

THE DISTRICT'S 17 buses also are used to carry students on field trips of various sorts. Cars carry handicapped youngsters to and from classes. During the summer, buses were served and six of them repainted.

Only variation from the announced bus schedules will be on the day before school opens, when buses will carry freshmen to their schools for orientation. North High students will be picked up at 7:40 a.m.; South High students at 12:40 p.m.; and Torrance High students at 1:40 p.m.

BUSES WILL leave high schools seven minutes after school is dismissed.
