National Names Kenneth Dudley Chief Engineer

Kenneth W. Dudley has been appointed chief engineer at the Torrance plant of The National Supply Co. He succeeds Forrest J. Young, who retired after 43 years service at the plant.

Dudley started with the company as a draftsman in 1941 and after service in World War II returned to the plant. Following his graduation from the University of Southern California in 1948, he was appointed a design engineer. He has been a project engineer since 1949.

Ryan, UAW Agree to New Terms

A new two-year labor contract has been negotiated between Ryan Aeronautical Co. and the United Auto Workers (AFL-CIO) Local 881 representing production workers at the Torrance plant, company sources reported this week.

The agreement, which runs through Aug. 24, 1962, contains basically the same provisions as the contract between the company and UAW Local 506 at the San Diego plant of Ryan.

Principal features are a 7-cent wage increase next year, improvement in employee benefits, and retention of the "escape" period for employees wishing to withdraw from the union.

Pastor Wells To Continue Talk Series

The Narbonne Avenue Southern Baptist Church of Lomita will hear another sermon in the series "Foundations For Happiness."

This series of sermons by the Pastor, Robert A. Wells is on the Ten Commandments.

Sunday at both the 8:30 and 10:50 morning services, the sermon will be on the fourth command, "Holy Day or Holiday?"

"No nation has treated lightly the Lord's Day and lived. Any nation that has disregarded this day has failed to prosper. This is also true of the individual or family. Disregard for the commands of God has always led to unhappiness. Keeping this command is a part of the Foundation For Happiness," Mr. Wells stated.

The church will enjoy its annual "Appreciation Banquet" on Monday night, Sept. 19th at 7 p.m. This annual affair is one way the church says thanks to those who serve as volunteers in the various church organizations. Reverend Guy Guy Bradley, Pastor of the Calvary Baptist Church of Hawthorne, will be the inspirational speaker for the occasion.

New Theater Group Opens At Alondra

Ardent thespians, aspiring playwrights, and energetic stagehands are being invited to join the drama and stagecraft group at Alondra Park. The new amateur group will meet each Wednesday at 7 p.m. at the Community Building at 3535 Redondo Beach Blvd.

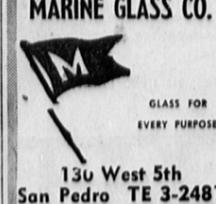

The group, open to teenagers over 16 and adults, will offer an opportunity to try talents and to learn basic theory and practice of acting, writing, and stage construction.

The first meeting will be next Wednesday, Sept. 21.
