### Powder Room FACIAL TISSUE

400 Count Box 19¢

Everybody knows.... it's better to give the UNITED way

This little girl can play checkers but she can't skip rope — she can't walk. But someday, through your efforts, she may chuck her checker-board aside for a pair of roller skates.

She is one of so many who will receive help through your Community Chest or United Fund.

Sure it's difficult to give up those hard earned dollars but sometimes they pay dividends. They may help your neighbor or you. And remember; it's not how much you give but the spirit in which you give it. Why, if every person in America were to give a nickel right now there would be nearly 10 million dollars to help fight Polio, heart disease, cerebral palsy, flood areas and many more things which happen without warning.

Give once — just once a year — and make sure these services are always available where and when they are needed. See you next week.
