TARTAR TEEN TALK

By Carol Porterfield

Seniors John Orr and Jon Lehr received letters of commendation for their superior performances on the National Merit Scholarship qualifying tests of 1960-61. Students who receive these letters are in the top two or three per cent of all secondary school seniors in the Southern California area.

A debate team recently was organized at Torrance High. The students are researching the debate topic in preparation for their first match to be held on Nov. 3 and 4.

TOPIC FOR the first debate is, "Resolved, the United Nations be Significantly Strengthened."

The debate team meets twice a week and their first practice debate will be tomorrow.

Sweaters and jackets were distributed to seniors on Oct. 12 at snack and lunch. The sweaters and jackets are grey with blue trim. The senior emblem is attached to the left side of the jacket.

A PICKLE sale was sponsored by the Scholarship Society on Oct. 11. Proceeds will be used to sponsor the Scholarship Society's activities throughout the coming semester. To be a

Tri-It Noting 9th Birthday With Big Sale

Tri-It Emporium's spectacular sale to note the firm's ninth anniversary is under way this week at the huge merchandising center, 23027-33 S. Avalon Blvd. in Wilmington, according to Sid Goldman and Irv Wiener, proprietors of the firm.

The huge store, containing more than 30,000 square feet of selling space, offers a wide range of merchandise including ladies wear, hardware, shoes, children's wear, sporting goods, patio equipment, and do-it-yourself supplies for the most demanding handyman.

"By buying in large volumes throughout the country, I find I can give the housewife of the area top quality merchandise at the lowest possible prices," Goldman said as the anniversary sale opened.

Goldman opened the store "with a few hundred dollars" and through the aggressive search he and his partner, Weiner, make for values, have built up one of the most popular shopping spots in the Harbor area. Weiner heads up the furniture and appliance section of the huge store, and has assured shoppers that manufacturers are cooperating in the anniversary by making cuts in products to permit savings for shoppers.

WHAT'S DOING

Coast-to-coast phone calls by satellite. Scientists of Bell Telephone Laboratories tell us that someday long distance calls may very well reach your home via man-made satellites.

Working under National Aeronautics and Space Administration's sponsorship, they carried on a two-way phone conversation between the Bell Telephone Labs in New Jersey and a NASA base in California via a "Project Echo" satellite. The signals carrying their voices were bounced off a 100-foot aluminumized plastic sphere orbiting 1000 miles above the earth.

The Bell Telephone System has outlined to the government a plan to use about 50 satellites to provide communications between the United States and other parts of the world. Besides relaying phone calls, these satellites could also bring you live television from anywhere on earth.

Election day, November 8, is still a few days off. But it's not too early to make plans so you'll be sure to get to the polls. If you need transportation, now's the time to arrange with your friends for a ride. If small children keep you close to home, perhaps you can swap baby-sitting chores with a neighbor.

You can make these arrangements by phone . . . but that's not why I mention them. I just want to remind you that every vote is important. Be sure you cast yours November 8.

"A MANNER OF SPEAKING"

. . . that's the title of a sparkling, new telephone movie in color available without charge to business organizations, clubs and schools.

This entertaining film, starring that master of comedy Fred Clark, shows how many important business deals can be lost just by improper handling of telephone calls. Certainly all of us, can learn a lot from this film and enjoy many laughs in the bargain.

A call to our Film Desk, MAdison 1-1811 is all that's needed to arrange for a showing to your group, or call your Business Office.
