

### Adult Program For Pre-School Aid to Parents

The Torrance Adult Education Division of the Torrance Unified School District sponsors a program designed to meet the needs of parents and their pre-school children.

Although the program is designed primarily to aid parents in building a sound family relationship, it features a well equipped nursery school which 25 children attend four mornings per week.

The morning session is considered a laboratory experience for mothers who participate as teacher assistants under the guidance of a professional director. Mother teachers learn to work with groups of children in a well-rounded nursery school program which includes outdoor equipment in a large fenced yard.

A modern nursery school building provides many interesting and educational materials for the growth and development of young children.

FATHERS and mothers both attend evening classes that deal with all phases of child development. The combination of the morning sessions and the evening classes aids parents in attaining a better understanding of their children and of themselves. Fathers spend three hours per month engaged in construction and repair of the school equipment. The results are evident by the interesting materials on hand for the children's use.

Mrs. Milton Barter, the school's director, has held this position for the past six years. She has spent many years engaged in working with both parents and their children. Mrs. Barter's background includes working in the fields of psychology and social work.

SHE, TOO has spent much time in early childhood education, both in the nursery school and in training teachers for this profession.

Mrs. Barter is enthusiastic about her work, and believes that families gain a great deal from this type of parent education. She feels that the community is very fortunate in having a program such as this one offered under adult education.

### Dorcas Society Sales to Feature Greek Pastries

The Dorcas Society of St. Katherine's Greek Orthodox Church, will hold its annual Bake Sale on Oct. 21st. and 22nd.

The demand is so great for Greek pastries that they will be sold exclusively, therefore no cakes will be sold this year.

Some of the favorites are Baklava (honey & nut pastry), Diples (honey curls), Kourabiedes (butter sugar cookies), Karidopita (nut cake), Finika (butter honey cakes), and Koulourakia (sesame anise cookies).

The pastry committee has made plans to bake three times as much as was sold last year to fill the demand. A sellout is anticipated.

Locations will be in Redondo Beach, Lucky Market 1516 S. Pac. Coast Hwy., Citizens Nation Bank 1701 S. Elena, Bank of America 200 N. Pacific Ave., Tidy Byrnes in the Redondo Triangle, and in the Palos Verdes Plaza in front of Moore's Market.
