### ... Ann Landers

(Continued from Page 15)

know-how can be a pain in the neck to the men they marry. And it's all mom's fault, as you suggested in your letter.

Girls 10 and 12 years old should be responsible for dinner dishes. They should know how to sew on buttons, sew a straight hem, polish silver, dust, run the vacuum sweeper and iron towels and not-so-new blouses. They should make their own beds and keep their rooms orderly.

If they grow up with responsibility it's easier on everyone. One warning: It's quite a shock at the age of 12 to be told to do something—for the first time!

Are you going steady? Making marriage plans? If so send for ANN LANDERS' booklet, "Before You Marry—Is It Love Or Sex?", enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope. Ann Landers will be glad to help you with problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope. Copyright, 1960, Field Enterprises Inc.
