**WINNING CLUBS . . .** Leaders of the local Isaac Walton organizations took three of the six national awards given to California groups last week-end at the state convention in Anaheim. From left at the presentation ceremonies are Warren Broad of Anaheim, state president; Alden Erskine of Sioux City, Iowa, national president; Mrs. Barbara Bradshaw, 915 Sorock Drive, president of the Ikettes; and Bob Stiehler, president of the Harbor Isaac Walton Club.

- Garden Checklist**
1. Lift and divide perennials such as Phlox and Primroses. Plant new perennial seedlings.
  2. Prune last season's fruiting canes from berry bushes and train new growth on the trellis.
  3. It's early to prune deciduous trees and shrubs. Best wait until they are completely dormant (in December and January).
  4. If birds have bothered your sprouting Ranunculus in the past, start them in flats under wire cover and transplant them when they are three or four inches high.
  5. Lift and pot or tub Azaleas as they come into bloom, if you would have them in close where you can see them.

**Alumni Planners Meet**

The Gardena High School Alumni Assn. will meet at 8 p.m. tonight at the home of George Forbes, 1312 W. 163rd St. to make final plans for a fall dance scheduled for Nov. 26, according to Judy Rickabaugh, publicity chairman of the group.

There is no way to know ahead of time which children will be born to become mentally retarded. They are born to average, brilliant and dull parents, into highly educated and illiterate families alike. All racial, religious, social, economic and national groups are affected.

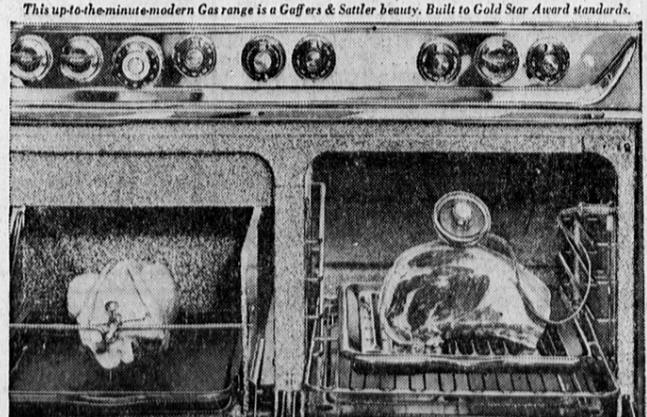

WHY SMART WOMEN COOK WITH MODERN GAS:

**AUTOMATIC** features make cooking fun—and foolproof. Who could ask for anything more than a meat thermometer that shuts the oven off automatically when meat is cooked just the way you want it? Or a rotary barbecue that lets you bring the flavor of outdoor cooking, indoors—without the muss and fuss? Or a clock-controlled oven that turns itself on and off automatically? Modern gas ranges bring you all these easy-cooking features—and more. Yet they cost less to buy, less to install. And as you already know, gas ranges cost less to operate, too.
