

### St. Luke's Choir to Give 'Sermon in Song' Sunday

Through the music of Johann Sebastian Bach, the Kirk Choir of St. Luke's Presbyterian Church, Rolling Hills Estates will present a "Sermon in Song" during the services of worship on Sunday, Dec. 18. The cantata, entitled "For Us A Child Is Born," is composed of three choruses and three soloists, and will be given in place of the regular sermon.

Parts of the cantata are as follows: 1) Overture; 2) "For Us A Child Is Born," a chorus; 3) "So Appears Thy Natal Day," an aria for bass, Mr. C. "Bud" Anderson, soloist; 4) "Laud We the Name," chorus; 5) "Lord, My Thanks to Thee," aria for tenor, Thomas H. Martin, soloist; 6) "Immanuel, Oh Give to Me," recitative for contralto, with Mrs. Kenneth Harris, soloist; 8) "Alleluia," final chorus.

cantata are Arthur and Lora Lytle, and Mrs. Paul Bennett is the accompanying pianist.

There will also be baptism of infants and adults on this Sunday. Services are held at Dapplegray School at 9 a.m. and 10:30 a.m. with nursery care provided.

The Church School children of St. Luke's will present their annual Christmas program for parents and friends at 3:30

p.m. The younger children will present Christmas carols, and the junior high group will give a play, "Christmas Peace." Ushers will also be boys from the junior high group.

In the early days of the U.S. Marine Corps, rented barracks were provided for those Marines stationed in Washington during the winter months. To economize, they went to camp during the summer.

CHARLES FUTTERMAN Announces Promotions

### Two Shoppers Promotions Told

Charles J. Futterman, president of Shoppers Markets, Inc., Stevens Department Stores, and Stacy Drug Co., has announced the appointment of Arthur Holding as controller for the three companies.

Holding served as assistant controller for the A. J. Freeman, Ltd. in Ottawa, Canada, for four years prior to his move to Los Angeles in 1955. Upon his arrival in the Southern California area he became associated with the May Co. as assistant controller, a post he has held for the past five years.

Futterman also announced that George A. Gilbert who has been controller for the past four years has been elevated to the position as head of the procurement division.

### It Take Many Things to Make A School-Garen

Viewpoints of children, parents, teachers, and taxpayers must be considered in building new schools.

That was what Dr. Bernard Garen, head of the Torrance Schools' building program, told those at the Torrance Educational Advisory Committee meeting Monday. Topic of discussion was "Planning and Opening a New School."

ALTHOUGH it is not always easy to maintain a balance between these viewpoints, school must try to build the best facilities with a reasonable cost, he said.

In planning schools, many problems aside from the purely educational factors also must be considered, he noted. These include:

- (1) wind direction; (2) light or glare; (3) traffic, both within and leading to the school; (4) drainage; (5) sewers; (6) the layout of the site; and (7) the school attendance zone to be served.

OVERALL objective of the board of education policy, he said, is "simplicity of design, sound economics including low long maintenance costs and low insurance rates, combined with high educational use and flexibility."

Principal John McGee of the newly-opened Madison School pointed out that in opening a new school, principal not only has to oversee the physical plant, but help orient teachers and children in their new school and get acquainted with parents so that "we can work together for the good of the children."

Futterman also announced that George A. Gilbert who has been controller for the past four years has been elevated to the position as head of the procurement division.

### Cox to Head Sales Force For De Von's

Appointment of Jim Cox as general sales manager of the newly-expanded DeVon Plymouth-Valiant dealership in downtown Torrance was announced yesterday by Von A. Moffett, president.

Moffett said Cox would spearhead the intensified sales and service program already underway at his agency at 1600 Cabrillo and Gramercy.

A veteran of 12 years automobile sales management experience in the Torrance area, Cox is well known in automotive circles. He lives at 3702 W. 227th St., with his wife, Vivian.

The U.S.S. Enterprise, the world's first nuclear-powered aircraft carrier, is 1101 feet in length, 252 feet in extreme width and displaces 85,350 tons making it the largest ship in the world.

### Carols From Other Lands To Be Sung

Like a scene from Charles Dickens' Christmas Carol, will be the setting for an unusual pre-Christmas program to be presented Sunday at 7:15 p.m. at the Torrance Foursquare Gospel Church, Arlington and Sepulveda Blvds.

A group of singers composed of Shirley Maurer, Gladys Thornton, Kayomi Hanaoka, Linda Kidner, Ann Simonsen, Robert Walker, Lewis Servas, Joe Dipietro and "Si" Simonsen will be singing carols from other lands. Among them will be a Judean carol: "A Virgin Unspotted" by William Billings; an English carol: "What Child is This," arranged by Robert Shaw.

The traditional German carol "O Tannenbaum" will be sung in German. Two Spanish carols, "Fum, Fum, Fum," and "La Virgen Lava Panales," the latter sung in Spanish; and "Masters in This Hall," a carol from the French by William Morris.

The carolers will be dressed in typical Old English manner, one of the costumes alone will be over one hundred years old.

Miss Kimi Hanaoka is the accompanist and the Rev. Carol Hoffine, narrator.

The pastor, Rev. James P. Lowen, invites all to attend and enjoy an evening of interest and inspiration.

## ALL PEP BOYS STORES OPEN EVENINGS UNTIL 9 PM

# IT'S CHRISTMAS AT THE PEP BOYS BICYCLES!
