# To Build Best District Possible Still Goal of Mrs. Grace Wright

Seeking re-election to the board seat she has held since the Torrance Unified School District was organized in 1947 is Mrs. Mark (Grace) Wright, who says she still has her original platform:

"To build the best school district possible and to make parents and citizens welcome participants in its development."

Mrs. Wright, who resides at 1532 El Prado, is a former teacher and has two daughters, both teachers. Judy, who taught here one year, is now teaching in Germany, and Marca is teaching in Culver City.

MRS. WRIGHT is vice president of the Los Angeles County Trustees Assn., and on the executive committee of the Metropolitan Recreation and Youth Services Council.

"The word 'development' is important to me," she said yesterday.

"I believe that anything that the District does can be done better, and our program of continuous evaluation is a guarantee that each child is carefully considered, and that each dollar is carefully spent," she said.

"TO STOP a rumor that someone started concerning me: I most certainly do hope that I am re-elected, and I do not plan to resign if re-elected."
