Trout, Salmon Season to Open in State on Saturday

The general trout and salmon season opens in most of California Saturday, April 29. Exceptions are Southern California, which is open all year, and Del Norte, Humboldt and all parts of Mendocino and Lake Counties, which open May 27, with the exception of Lake Pillsbury in Lake County, which opens April 29.

The limit generally is ten trout or salmon in combination, but not more than 10 pounds and one fish. At least three trout and salmon in combination may be taken and possessed, regardless of weight.

Public Workout Proves Popular At Area Track

Hollywood Park's public work-outs of the thoroughbreds in training for the race meeting that opens May 10 have been so successful that new parking facilities and a new entrance have been provided for visitors.

Those wishing to watch the work-outs, which will take place between 7:30 and 10 a.m. seven days a week until the close of the Inglewood track's meeting July 24, are advised to enter the grounds at Gate 2, at Prairie Avenue and Arbor Vitae, and drive straight ahead to a parking area reserved for them near the association gate which has been opened for their convenience.

Army Pvt. Dennis Hester is presently undergoing basic infantry training at Fort Ord on the Monterey Peninsula.

Hester, a Torrance High School graduate, has attended Cal Poly at San Luis Obispo. He was an outstanding athlete while at Torrance High. He is the son of Mr. and Mrs. James Hester, 1937 Middlebrook Road.

THERE ARE exceptions to these general seasons and limits and DFG spokesmen warn anglers to read their 1961 sport-fishing regulations carefully. The exceptions are listed on pages 11 to 27. For example, tributaries to certain lakes are closed until later such as Lake Tahoe and Lake Almanor.

Fishermen are also warned to get their angling licenses and stamps before setting out for their favorite fishin' holes. Local dealers often run out of licenses and stamps and the penalty for angling without a license can be severe. Fish and Game Wardens will be out in force opening weekend to check licenses, because angling without a license continues to lead the list of fish and game law violations.

THE BASIC license and two stamps are required to take trout.

The April 29 opener applies from Kern County to the Oregon border, excluding the exceptions listed above. The general season closes October 31.

Another warning issued by the Department is against trespass on private property. Purchase of a license does not constitute permission to trespass on private lands without permission of the owners or persons in control of the land.

13 ft. diameter, 8 ft. center height
